Developing a Community of Action through advanced and interdisciplinary analysis and interactive cohort learning

The East-West Center is pleased to invite applications for the Asia Pacific Leadership Program (APLP). The APLP brings together people who want to co-create the future as self-reflective, resilient agents. Using experiential, place-based learning with a focus on equity, cohorts of leaders practice leadership strategies in nurturing environments.

For 20 years, we have been cultivating leaders who are motivated and capable of creating positive impact in the Asia Pacific region. Incoming fellows join a network of 653 APLP alumni from 45 countries across the globe.

The APLP Approach:

- Our programs stimulate individual growth and foster self-leadership for emerging and established leaders
- We build on communities' diversity and abundance by offering strategies that can be adapted to leaders' own contexts
- We support leaders as they practice implementing prototypes with teams, reflecting on results and refining for impact

Eligibility Requirements

- A **demonstrated** commitment to promoting peace and prosperity in the Indo-Asia Pacific region through professional work, study or living experience
- At least 5 years of work experience
- Bachelor's degree - applicants must have at least a 3-year bachelor's degree or its equivalent from an accredited U.S. College or University or from a recognized institution of higher learning abroad.
- There are no citizenship, age, or ethnicity restrictions.

Desirable Qualifications

- Leadership track record in professional, public, and/or personal realms
- Willingness to engage fully in experiential leadership development training
- Deep involvement in a specific organization, business or community impact initiative (applicants must explain how, with their home-setting teams, they will experiment with the leadership strategies learned in APLP)
- International experience and aptitude, including overseas residence, language skills, intercultural and diversity exposure
- Experience of cohort learning, working collaboratively in small teams or in large groups.

The East-West Center promotes better relations and understanding among the people and nations of the United States, Asia, and the Pacific through cooperative study, research, and dialogue. Established by the U.S. Congress in 1960, the Center serves as a resource for information and analysis on critical issues of common concern, bringing people together to exchange views, build expertise, and develop policy options.
