Ireland's Fellowship Programme

2021-2022 Directory of Eligible Postgraduate
Programmes in Irish Higher Education
Institutions

Important Information for Applicants

ABOUT THIS DIRECTORY

This directory should be read alongside the guidance notes and the programme application form. These notes explain the application process and you are advised to study them carefully.

On your application form, you are required to identify the *specific* postgraduate programme(s) in order of preference, which you are interested in undertaking, based on the information in this directory and the latest details provided by the relevant institution. You should not rely solely on the information in this document, as the information about programmes provided by institutions at the time of publishing this directory may be subject to change. **Before preparing or submitting an application, you are advised to check all details with the online information provided by the college. You should particularly ensure that you meet all eligibility requirements for the selected programme(s).** It is also important that you research the institution(s) you propose to study at to ensure that it is a good fit for you and will meet your expectations.

Information on making a programme application will be provided to candidates shortlisted by the Embassy of Ireland in March 2021. **Fellowship applicants are advised NOT to apply for any programmes in Ireland until after they have been shortlisted for a Fellowship award following interviews (Stage 3).** Please note that application fees will be paid by the Department of Foreign Affairs for *shortlisted candidates only*. Reimbursements will not be made where a shortlisted candidate applies for a programme before being formally approved by the Embassy of Ireland to do so.

FELLOWSHIP PROGRAMMES INCLUDED

This directory covers all programmes offered under the following strands of the Ireland Fellows Programme:

Ireland Fellows Programme – Africa

Ireland Fellows Programme – Asia

Ireland Fellows Programme – Kadar Asmal Fellowship Programme

Ireland Fellows Programme – IDEAS Scholarship

Ireland Fellows Programme – Ireland-Palestine Scholarship Programme

PROGRAMME LISTINGS

It should be noted that some sections of the directory may not be available to applicants for all strands and countries, reflecting programme priorities of the Embassy of Ireland in those countries. These sections are clearly marked in the table of contents.

WEB ADDRESSES

Throughout the listings, many long web addresses for programme information have been shortened, for example: www.bit.ly/qEdRCn. This format allows for easier transcription, if required. Any capitalisation should be noted accurately as these shortened addresses are case-sensitive. While every effort has been taken to ensure all website links work, these links may change after the publication of the directory, but all programmes can be found by going directly to the institution's website.

ENGLISH LANGUAGE PROFICIENCY

Irish higher education institutions require a high standard of English language proficiency and this must be formally certified, normally through the International English Language Testing System (IELTS - www.ielts.org).

IELTS examines competency in English language across reading, writing, speaking and listening and is necessary for admission to all Irish HEIs. Most HEIs require a score of 6.5 overall, and where this is the case the IELTS requirement is not noted in this Directory.

Please note that **some programmes in Ireland may specify a higher IELTS requirement** than above for admission. Where possible, this is indicated in the listings. **Programmes marked with an asterisk (*) have more stringent IELTS requirements than an overall score of 6.5.** Some will have minimum score requirements for each individual band; some will require a minimum 7.0 overall score or higher.

While we have made every effort to identify those programmes which have a higher IELTS requirement than an overall score of 6.5, applicants are asked to please check the programme webpage or contact the college directly to confirm the IELTS requirements for any programme(s) they are considering applying to.

Map of Ireland

The cities and towns with universities, Institutes of Technology and colleges that are included in this directory are **highlighted** below (for a listing of the institutions, please see p iii)

TABLE OF CONTENTS

Programmes marked with an asterisk (*) are programmes that have IELTS requirements other than simply an overall score of 6.5. Some will have minimum score requirements for each individual band; some will require a minimum 7.0 overall score or higher. Please check the programme webpage for more information. IELTS requirements for other programmes may also change after the publication of this directory, so please check the programme webpage or contact the college directly to confirm the IELTS requirements for any programme(s) you are considering.

Please check through all broad subject categories below to ensure that you have considered all available programmes in your field(s) of interest. You will note that in some cases programmes are listed under two categories. For example an LLM in Human Rights will be listed under section C) Development Studies, Human Rights... and also under section D) International Law.

A Climate Change and Resilience, Environment, Marine, Sustainable Development, GIS

A1	MSc in Climate Change: Policy, Media and Society*	DCU
A2	MSc in Climate Change	MU
A3	MSc in Climate Change, Agriculture and Food Security*	NUIG
A4	MSc in Co-operatives, Agri-Food and Sustainable Development*	UCC
A5	MSc in Food Security Policy and Management*	UCC
A6	MSc (Agr) in Sustainable Agriculture and Rural Development*	UCD
A7	MSc in Applied Marine Conservation*	GMIT
A8	MSc in Coastal & Marine Environments: Physical Processes, Policy & Practice*	NUIG
A9	MSc in Applied Coastal and Marine Management*	UCC
A10	MSc in Geographical Information Systems & Remote Sensing	MU
A11	MSc in Geocomputation	MU
A12	MA in Geography: Spatial Justice	MU
A13	MSc in Geographic Information Science*	TUD
A14	MSc in Geospatial Data Analysis*	UCD
A15	MSc in Conservation Behaviour*	GMIT
A16	MSc in Environmental Leadership*	NUIG
A17	MA in Environment, Society and Development*	NUIG
A18	MSc in Environmental Science	TCD
A19	MSc in Environmental Science*	UCD
A20	MSc in Environmental Policy*	UCD
A21	MSc (Agr) in Environmental Resource Management*	UCD
A22	MSc in Global Environmental Economics*	NUIG
A23	MSc in Renewable Energy & Environmental Finance*	UCDMS
A24	MSc in World Heritage Management and Conservation*	UCD
A25	MSc in Architecture, Urbanism & Climate Action*	UCD
A26	MSc in Spatial Demography*	UCD
A27	MSc in Urban Design & Planning*	UCD

A

**Agriculture,
Rural Development,
GIS, Environment,
Climate Change**

Study Location: Dublin City University

Programme Duration: 1 year

Programme Outline: This programme will equip students with critical insights and analytical skills to enable them to play a part in shaping the transition to a decarbonised and climate resilient future. Most postgraduate programmes focused on climate change are concerned with the science of climate change. DCU's new MSc. in Climate Change: Policy, Media & Society is unique in Ireland in its focus on the social sciences and humanities, on media, policy, law, governance, regulation and politics.

Indicative Content: Core – Climate Change and the Media; Climate Change: The Physical Science Basis; Climate Change Policy and Governance; Research Methodology; Climate Change and Society Transition; EU and National Climate Change Law; Dissertation. Options – Environmental Ethics: Perspectives and Challenges; Environmental Change and World Politics; Climate Change Education; Policy Challenges; Communicating Policy; EU Foreign and Security Policy; The Politics of the Euro.

Admission Requirements: An undergraduate degree in any discipline with a minimum 2:2 or equivalent.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2vKLXFs>

Application:

PAC Code: DC669

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

Study Location: Maynooth University

Programme Duration: 1 year

Programme Outline: This programme aims to provide Graduates with the knowledge, skills and experience necessary to enable them to undertake analysis of both global and Irish related climate change science, impacts and policies. The programme explores ways of meeting the challenges posed by climate change, particularly in the areas of simulating future climates, impacts modelling, developing mitigation and adaptation strategies and decision making under uncertainty.

Indicative Content: Applied Climate Sciences; Impacts, Adaptation and Mitigation; Analysing Spatial and Temporal Data Using R; Detection, Attribution and Decision Making; The Ocean and Climate Change; Field Course; Thesis.

Admission Requirements: A minimum of Second Class Honours, Grade One (2.1) in any of the following subjects or cognate disciplines: Geography, Physics, Computer Science, Environmental Science, Engineering, Mathematics.

Programme Webpage: [shortened as] <https://bit.ly/2IjULdE>

Application:

PAC Code: MHN56

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: This programme is aimed at students who want to combine scientific, engineering, technical, social or policy skills so that they are better equipped to understand and make significant contributions regarding the adaptation and mitigation of climate change impacts on global agriculture and food security. Students are provided with the skills and tools for developing agricultural practices, policies and measures to address the challenge that global warming poses for agriculture and food security worldwide.

Indicative Content: Climate Change, Agriculture & Global Food Security; Climate Change, Agriculture, Nutrition & Global Health; Policy & Scenarios for Climate Change Adaptation & Mitigation; Gender, Agriculture & Climate Change; Low-Emissions Climate-Smart Agriculture & AgriFood Systems; Climate Change Adaptation, Mitigation & Risk Management; Monitoring Climate Change: Past, Present, Future; Climate Change, Natural Resources & Livelihoods; AgriBiological Responses to Climate Change; CCAFS Science Communication: Techniques & Models; CCAFS Case Studies, Journal Club & Datasets; CCAFS Research Skills/Techniques; CCAFS Research Project.

Admissions Requirements: Minimum 2:1 honours degree or equivalent in an appropriate discipline.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: www.nuigalway.ie/ccafs

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: This is a unique programme, with a very strong practical emphasis and will equip participants with the organisational and management skills needed to make innovative contributions to the development of local economies, with particular emphasis on co-operatives, social enterprises and food businesses in Ireland and overseas. It is aimed at graduates from a wide range of disciplines who wish to pursue careers in sustainable development and innovative practice leading to positions in the food sector (ranging from local food enterprises to large multi-nationals), local and international rural development, shared and collaborative economy, NGOs, innovative community businesses including co-operatives and social enterprises, local and regional enterprise development, corporate social responsibility, policy formulation and analysis.

Indicative Content: Contemporary Socio-Economic and Environmental Issues; Co-operative and Collaborative Responses; Sustainable Rural Development; Economics of Agri-Food Markets; Global Food Policy Issues; Marketing for Sustainable Food Production and Consumption; Food Branding and Digital Media; Project Management; Sustainable Food Systems; Food Supply Chain and Value Analysis; Research Methods; Professional Development; Practice-Based Research Project.

Admission Requirements: A minimum 2:2 degree or equivalent, in a wide range of disciplines.

IELTS: Minimum 6.5 overall score required with no individual section lower than 5.5.

Programme Webpage: <https://www.ucc.ie/en/ckl03/>

Application:

PAC Code: CKL03

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above. *Additional application information is posted on the programme webpage.*

A5 MSc in Food Security Policy and Management*

UCC

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: This programme is designed to equip recent graduates and professionals with the knowledge, skills and competencies needed to work in the field of food security, particularly policy and programme management. The programme aims to provide students with skills that can be applied particularly in the areas of project and programme management, policy development and implementation, and impact assessment of programmes aimed at improving food security and dietary quality. The programme is open to students from a wide range of backgrounds, including economics, nutrition, food security, international development, humanitarian assistance and programme management.

Indicative Content: Sustainable Food Systems; Advanced Food Security Theory, Practice and Analysis; Rural Development, Gender and Livelihoods; Economics of Agri-Food Markets and Value Chain Analysis; Health Information Systems and e-Health Analysis; Programme Planning and Impact Assessment; Research Methods; Food Security in Humanitarian Crises; Programme Planning and Impact Assessment; Public Health Nutrition: From Principles to Practice; Global Food Policy Issues; Applied Food Security Research Project.

Admission Requirements: At least a 2H2 in their primary degree, or equivalent in a relevant subject. Consideration may be given to applicants who do not hold a second class honours degree but who have at least five years general professional experience in a relevant field or three years managerial/specialist experience, subject to approval of the Programme Director and the Head of the College of Business & Law.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: <https://www.ucc.ie/en/ckl04/>

Application:

PAC Code: CKL04

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above. *Additional application information is posted on the programme webpage.*

A6 MSc (Agr) in Sustainable Agriculture and Rural Development*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: This programme represents a return to core values in the development of rural areas which are rooted in agricultural change as well as responding to new societal demands such as safe and ethically produced food, a healthier environment and sustainable and affordable energy. The programme will equip graduates with capabilities in core analytical, conceptual, communications and research skills as well as providing the knowledge base required to develop careers in the broad arena of sustainable agriculture and rural development.

Indicative Content: Core - Sustainable Agriculture; Strategic Communications; Policies and Strategies for Sustainable Agriculture and Rural Development; Research Methods; Theory & Practice of Rural Enterprises; Minor Thesis. Options - World Heritage and Sustainable Development; Global Biodiversity and Heritage; Economics and Sociology in Rural Development; Planning for Development; Agricultural Extension and Innovation.

Admission Requirements: A minimum 2:2 Honours university degree.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpages: [shortened as] <http://bit.ly/2thpPm8>

Application: Apply online from programme webpage.

A7	MSc in Applied Marine Conservation*	GMIT
-----------	--	-------------

Study Location: Galway-Mayo Institute of Technology

Programme Duration: 1 year

Programme Outline: One-year taught MSc degree focusing on fisheries, marine conservation, sustainability and ecosystem based management.

Indicative Content: Ecology of Top Predators in Marine Systems; Secondary Impacts of Harvest on Wild Populations and Ecosystems; Applied Geographic Information Systems; Data Analysis Using R and R Studio; Thesis; Seabird and Marine Mammal Population Assessment techniques; Life History Strategies and Trade-Offs.

Admission Requirements: The minimum requirement is a 2:2 in a cognate Honours Degree, e.g. Zoology, Ecology, Marine Biology, Wildlife Management, Conservation Biology.

IELTS: Minimum 6.0 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <http://bit.ly/2xkKLdu>

Application: Apply via an online application form available at <https://www.gmit.ie/international/international-online-applications>

A8	MSc in Coastal & Marine Environments: Physical Processes, Policy & Practice*	NUIG
-----------	---	-------------

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: Coastal and marine environments are critical to local and national economies, support diverse habitats and communities, and provide a suite of ecosystem services. This field-intensive postgraduate programme examines emerging disprogrammes surrounding the long-term health, use, and management of coastal and marine systems.

Indicative Content: Core – Field and Laboratory Methods; Coastal Processes and Landforms; Marine Spatial Planning and Policy; Dissertation. Options –Biodiversity and Coastal Change; Quaternary Coastal Change; Geographic Studies Abroad; Environment and Health; Geographic Research and Dissertation Abroad.

Admissions Requirements: Second Class Honours or Equivalent (+3.0 GPA). Selection is based on a review of candidate's academic record at the undergraduate level, professional interests and goals, and level of relevant experience.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: [shortened as] <https://bit.ly/2YnEcES>

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

A9 MSc in Applied Coastal and Marine Management*

UCC

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: The programme focuses on the science (including the social sciences) of Coastal and Marine management and policy-making today. It is designed to give students professional competency to make sound, scientifically-informed, strategic and operational decisions regarding the sustainable governance, use and protection of coastal and marine environments. It also provides training in applied practical skills, with an emphasis on geospatial techniques relevant to coastal and marine data capture, analysis, integration and visualisation. Students will also receive training in important transferrable skills including principles and practice of scientific research, effective communication and presentation techniques, and sound project management

Indicative Content: Marine Ecology and Conservation; Introduction to Geographical Information Systems; Introduction to Remote Sensing; Coastal and Marine Resource Use Practices; Coastal and Marine Governance; Coastal and Marine Processes; Practical Offshore Geological Exploration; Research Dissertation.

Admission Requirements: A primary degree to upper second class honours level (2:1 grade) or higher from a recognised third-level institution in Geography, Geology, Environmental Sciences, Biology, Oceanography, Physics, Mathematics, Engineering or a related discipline. Applications will also be considered from graduates in other disciplines, including those in the Arts and Social Sciences, who have a demonstrable interest and/or experience in coastal and marine management, and who can offer sufficient numerical abilities. Applicants with a degree of at least lower second class honours (2:2 grade), or its equivalent, in one of the areas mentioned above, plus at least five years of work experience relevant to the field of applied coastal and marine management will also be considered.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: <https://www.ucc.ie/en/cke39/>

Application:

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

PAC Code: CKE39

Study Location: Maynooth University

Programme Duration: 1 year

Programme Outline: This programme aims to provide highly qualified, motivated graduates who have been trained in Geographical Information Systems, Remote Sensing and Digital Image Processing and who can apply the information technology skills they obtain; to produce marketable graduates who will make significant contributions to GIS and RS application areas including; industry, government, academia, the community and voluntary sector and other public and private bodies; to provide an understanding of Geographical Information Systems and Remote Sensing, the technology involved and its applications for specific investigations.

Indicative Content: Introduction to Geographical Information Systems and Science; Theoretical Remote Sensing; Structured Programming; Spatial Databases; Analysing Spatial and Temporal Data using R; Digital Image Processing & Advanced Remote Sensing; Work Placement; Geographical Information Science in Practice.

Admission Requirements: The basic entry requirement is a degree with a minimum of Second Class Honours (2:1) or equivalent in any of the following subjects: Geography, Planning; Physics; Computer Science; Environmental Science; Geology; Mathematics; Engineering; Geophysics; Public Administration; Public Health or a cognate discipline.

Programme Webpage: [shortened as] <http://bit.ly/2uOy7Da>

Application:

PAC Code: MHN58

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

Study Location: Maynooth University

Programme Duration: 1 year

Programme Outline: This programme aims to provide a sound theoretical and practical foundation in geocomputation for numerate graduates with suitable backgrounds in subjects such as mathematics, engineering, geography, computer science, geomatics, and mining, and professionals working in cognate disciplines. The programme will provide students with a sound understanding of the theoretical principles underlying geocomputation. Students will gain a sound understanding of the practical aspects of Geographical Information System software and management.

Indicative Content: Structured Programming; Spatial Databases; Theoretical Remote Sensing; Geographic Information Science in Practise; Introduction to Geocomputation; Advanced Topics in Geocomputation; Object-Oriented Programming; Methods & Techniques in Geocomputation; Dissertation.

Admission Requirements: A minimum 2.1 honours degree or equivalent in a cognate discipline. Cognate disciplines include, but are not limited to: geography, computer science, geomatics, mining, engineering, mathematics. Applicants must have a recognised primary degree which is considered equivalent to Irish university primary degree level.

Programme Webpage: [shortened as] <http://bit.ly/2v7zpo7>

Application:**PAC Code: MH50B**

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

A12 MA in Geography: Spatial Justice**MU****Study Location:** Maynooth University**Programme Duration:** 1 year

Programme Outline: The 'MA Geography: Spatial Justice' offers a wide-ranging programme of taught modules, delivered through lectures, seminars, fieldwork, practicals and civil society partnerships, with an emphasis on teaching and learning informed by participatory action research.

Indicative Content: Core – Anthropology and Development; Public Engagement and Spatial Justice; Field School; Spatial Justice: Geographies of Social & Environmental Change; Thesis. Options – Critical Ecologies; Global Environmental Change; Introduction to Geographical Information Systems and Science; Advanced Studies in Human Geography; Gender, Sexuality and Law: Comparative Perspectives; Irish Media History; Qualitative Methods; Foundations of Medical Anthropology; Ethnography Winter School; Topics in Medical Anthropology; Anthropology of Digital Media; Immigration and Diversity in Higher Education; Environmental Remote Sensing; Quantitative Research Methods.

Admission Requirements: Students should normally have earned a 2.1 or above in Geography (either subject degree in Geography or overall) or related disciplines. A personal statement is required so the Director can give consideration to applicants with relevant academic, work or professional experience if coming from a different background than the social sciences and/or if earned a 2.2 mark.

Programme Webpage: [shortened as] <https://bit.ly/3evC95t>

Application:**PAC Code: MHN66**

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

A13 MSc in Geographic Information Science***TUD****Study Location:** Technological University Dublin (Bolton Street Campus)**Programme Duration:** 1 year

Programme Outline: Competency in information technology skills has consistently been identified as a critical need in the geospatial industry and in the wider workplace in Ireland. This programme has been designed specifically to address these issues and will provide graduates with a thorough grounding in information technology including spatial databases and web technology as well as programming skills tailored to the particular requirements of geospatial data.

Indicative Content: Fundamentals of GIS; Spatial Data Acquisition; GI Project Management; Web and User Interface Design; Spatial Databases; Introduction to Programming; Advanced GIS; GIS Modelling; Work Placement; Web GIS; Programming for GIS; Advanced Spatial Data Management; Research Project and Dissertation.

Admission Requirements: To be admitted to the programme, students should have a minimum of a 2.2 in an honours bachelor degree. Applications from candidates who have an equivalent qualification at honours level (for example, a professional qualification) will also be considered.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/30WqN4m>

Application: Apply via programme webpage.

A14 MSc in Geospatial Data Analysis*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in Geospatial Data Analysis will provide you with strong theoretical, conceptual and practical foundation on spatial analytics, covering legislative requirements and ethical considerations. The aim of the programme is to provide you with the skillset for real-world spatial exploration of social, economic and environmental patterns and interactions in support of evidence-based planning and decision-making. It will afford you the opportunity to apply acquired skills in pragmatic contextual settings.

Indicative Content: Core – Research Design; Dissertation; Introduction to ArcGIS; Advanced GIS; Remote Sensing. Options – Introduction to GIS and Spatial Methods in Archaeology; Critical Geopolitics of Europe; Development of the Global South; Global South Fieldwork: Vietnam; Practical Environment Assessment; Population Patterns and Challenges; Coastal Risks; INFOMAR Marine Seabed Data; INFOMAR Marine Survey Data; Health Care Crises; Social Simulation: Methods and Models.

Admission Requirements: Applications are welcome from graduates from any discipline, though undergraduate disciplines with a thematic link to e.g. Geography, Geology, Environmental Sciences, Computer Science, Physics, Maths, Engineering or a cognate discipline may be advantageous. The programme would also be suitable for those with a professional background in related fields who might wish to develop and broaden their skillset.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/3eF46b8>

Application: Apply online from programme webpage.

A15 MSc in Conservation Behaviour *

GMIT

Study Location: Galway-Mayo Institute of Technology

Programme Duration: 1 year

Programme Outline: This one-year MSc degree focuses on how animal behaviour can be applied to wildlife conservation. You will study the behaviour of a wide range of species from marine, freshwater and terrestrial habitats, and you will learn how an understanding of animal behaviour can contribute to the conservation and management of those species. You will acquire a range of applied skills, such as camera trap surveying for terrestrial mammals, visual and acoustic monitoring of marine mammals, abundance estimation of marine

mammals using mark-recapture and DISTANCE, geographic information systems (GIS), and data analysis using R and RStudio.

Indicative Content: Studies in Conservation Behaviour; Data Analysis using R and RStudio; Residential Field Programme; Applied Geographic Information Systems; Animal Behaviour: Recording and Analysis; Acoustic Monitoring as a Marine Conservation Tool; Research Thesis.

Admission Requirements: The minimum requirement is a 2:2 in a cognate Honours Degree, e.g. Animal Behaviour, Conservation Biology, Zoology, Ecology, Environmental Science, etc.

IELTS: Minimum 6.0 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2BtQeCo>

Application: Apply via an online application form available at <https://www.gmit.ie/international/international-online-applications>

A16 MSc in Environmental Leadership*

NUIG

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: The MSc in Environmental Leadership will equip graduates with an advanced level of knowledge and problem-solving, management and communication skills in key areas relevant to the environment, marine and energy sectors. It will equip them with a capacity and capability for environmental leadership relevant to their career trajectory.

Indicative Content: Core – Environmental Problems & Solutions; Project Management; Natural Resource Governance; Research Methods 1 and 2; Communication Science & Research; Introduction to Statistics and Data Analysis; Research Project. Options – Conceptualising Environment Society & Development; Environment & Human Health; Environmental Impact Assessment; Marine Spatial Planning & Policy; Introduction to Practical GIS; Introduction to Oceanographic and Environmental Data Analysis; Climate Change & Biodiversity.

Admission Requirements: Minimum 2:2 primary degree or its equivalent in an appropriate discipline, including Science, Geography and Social Science.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: [shortened as] <https://bit.ly/2SHFN3b>

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

A17 MA in Environment, Society and Development*

NUIG

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: The programme engages students on global concerns that encompass a complex and dynamic mesh of environmental, social and economic processes. It centrally involves a critique of interventionism

and the various practices of development and security that define our contemporary world, and practically how that critique can enable more informed and potentially more transformative interventionary practices.

Indicative Content: Core – Conceptualising Environment, Society & Development; Geography and Geo-Graphing; Geopolitics & Security; Environment & Risk; Managing Development; Field Based Learning; Dissertation. Options – Geographic Studies Abroad; Geographic Research and Dissertation Abroad.

Admission Requirements: Second Class Honours degree with a 2:1 in Geography or related discipline and a 2:2 overall, or equivalent. Prior learning in terms of relevant work experience is also recognised.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: [shortened as] www.bit.ly/cG6CnV

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

A18 MSc in Environmental Science

TCD

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: This full-time, intensive programme is intended for administrative and scientific workers and new graduates with an appropriate environmental science related background, although applications from graduates with different backgrounds are also welcomed. The programme provides a foundation of understanding of current environmental policies and legislation, and builds upon this with practical and theoretical programmes that include subjects such as ocean and coastal management, water resources and pollution, climate change and environmental impact assessment.

Indicative Content: Introduction to environmental science; Environmental and chemical analysis; Hydrology and Groundwater quality; Earth system science I: Deep time; Earth system science II: Environmental and climate change; Environmental policies. Practical skills modules: Data handling and analysis; Practical environmental skills. Project Modules: Individual desk study; Project planning; Individual research project.

Admission Requirements: First or upper second class honours degrees, or their overseas equivalent, awarded by recognised universities, institutions and degree awarding bodies; or holders of other degrees or relevant qualifications including professional qualifications, who have at least three years' work experience in an environmental profession.

Programme Webpage: <https://naturalscience.tcd.ie/postgraduate/msc-envirsci/>

Application: Apply online via the programme webpage.

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: This programme provides graduates with a thorough knowledge of Environmental Science and there is a heavy emphasis on practical training in fieldwork, laboratory analyses, information sourcing, data analysis, planning, reporting and communication. A work placement in an agency servicing the environmental sector is undertaken during the third semester obtaining industry relevant skills.

Indicative Content: Core – Soil Ecology; Quantitative Tools for the Life Sciences; Introduction to Water Resource Engineering; Freshwater Resources Assessment; Global Change Ecology; Thesis; Vegetation Ecology; G.I.S.; Environmental Geology. Options – Wildlife Conservation; Remote Sensing; Waste Management; Water Waste and Environmental Modelling; Integrated Municipal Solid Waste; Marine Community Ecology; Environmental Impact Assessment; Ecotoxicology and Air Quality; Ecological Modelling; Analyses for Environmental Investigations; Field-Based Freshwater Fisheries Investigations.

Admission Requirements: This programme is intended for applicants with a primary degree in Science, Engineering, Geography, Architecture or a related subject. An upper second class honours, or international equivalent is required.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] www.bit.ly/2c1YgQN

Application: Apply online from programme webpage.

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The programme takes an international perspective on environmental issues and explores the increasingly complex environmental challenges that societies and governments face across the globe, addressing contemporary environmental debates such as Climate Change, Water Policy, Energy Security and Sustainability, and Urban Resilience. Teaching is focused on areas and skills within environmental policy-making, and an integrated group-project module provides practice-based insights into the policy-making process. Students can enhance their own specialist research interests during the completion of a thesis or internship in the third trimester.

Indicative Content: Core – Tools for Sustainable Development; Environmental Economics & Climate Policy; Research for Environmental Policy; European Environmental Policy; Applications of Environmental Policy; Environmental Risk & Behaviour. Options – Environmental Policy Thesis; Internship – Research Project.

Admission Requirements: An honours undergraduate degree with a minimum upper second class honours or international equivalence is required

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2OxyBFj>

Application: Apply online from programme webpage.

A21 MSc (Agr) in Environmental Resource Management*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in Environmental Resource Management is an established programme that develops graduates with the flexible combination of environmental science, policy and management expertise necessary to address these needs. The programme is accessible to candidates from a very broad range of primary degree backgrounds. Graduates from this programme respond to many of the major global sustainability challenges.

Indicative Content: Core – Data Analysis for Biologists; Research Project (AESC); Human Impact on the Environment; Seminar Presentation; Soil, Plant & Water Resources; Geographic Information Systems; Biodiversity and Ecosystem Services; Literature Review (AESC); Practice Research Skills; Ecological Modelling. Options – Wildlife Conservation; One Health; Rural Planning & Environmental Law.

Admission Requirements: Applicants must hold minimum Lower Second Class Honours Degree in Biological Science, Environmental Science, Agricultural Science, Geography, Earth Sciences, Natural Sciences or cognate degree programme from a recognised higher education institution. Cognate degree programmes would include humanities, arts, business, law and engineering.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] www.bit.ly/2c3C2mu

Application: Apply online from programme webpage.

A22 MSc in Global Environmental Economics*

NUIG

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: The programme is specifically targeted to provide students with employability skills that are relevant to shape and influence future public policy, conduct environmental evaluations, lead research projects, work in a business or consultancy role, with international development and aid agencies or continue education through further academic study. The programme consists of taught modules, an internship, and a minor dissertation which is usually closely linked to the internship.

Indicative Content: Core – Microeconomic Theory; Econometrics; Natural Resource Governance and Sustainability; Climate Change Economics; Cost-Benefit Analysis and Evaluation; Environmental Economic Modelling; Global Issues in Agricultural, Marine and Renewable Energy Economics; Dissertation. Options – Renewable Energy Economics and Policy; Innovation and Management; Social Marketing and Environmental Sustainability; Business Analytics with SAP.

Admission Requirements: Students with a primary degree with Second Class Honours, Grade 1 or equivalent, which will have included the study of Economics can apply.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: [shortened as] <https://bit.ly/2YysLGy>

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

A23 MSc in Renewable Energy & Environmental Finance*

UCDMS

Study Location: University College Dublin, Michael Smurfit Business School

Programme Duration: 1 year

Programme Outline: As the only Masters in the world covering both energy finance and environmental finance, this programme offers an unrivalled level of specialisation in global energy and environmental markets. The curriculum encompasses the major theoretical aspects of energy and the environment in economics and finance, along with modules focusing upon the tools and techniques for evaluating a comprehensive range of global and regional energy-environment issues.

Indicative Content: Core – Quantitative Methods for Finance; Financial Econometrics; Capital Markets and Instruments; Commodity Finance; Financial Theory; Financial Analysis; Environmental Finance; Electricity Markets; Energy Economics and Policy; Green Business; Portfolio and Risk Management. Options – Mergers and Acquisitions; Financial Modelling; Advanced Treasury Management; Aircraft Financing; Behavioural Finance; International Finance; Applied Investment Management; Research Project.

Admission Requirements: Minimum 2:1 undergraduate degree in (i) Business/Commerce including quantitative subjects such as Economics, Finance or Accounting; or (ii) a Finance-related area, Mathematical Finance, Economics, Mathematics, Statistics, Environmental Science, Science, Computer Science, Engineering or Physics. Applicants should have demonstrated strong academic ability (a 1.1 or 2:1) in a number of quantitative modules in their degree, such as Mathematics, Statistics, or Econometrics. Candidates may be asked to sit the Graduate Management Admissions Test (GMAT).

IELTS: Minimum 7.0 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2AQedeu>

Application: Apply online via the programme webpage.

A24 MSc in World Heritage Management and Conservation*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The UCD Masters Programme in World Heritage Management provides graduates with a thorough knowledge of the World Heritage Convention and its application in solving heritage conservation problems. The programme is designed to accommodate applicants with a variety of academic qualifications including Archaeology, Architecture, Geography, Biology, Arts, Agriculture, Engineering and Economics. *Please note that the standard two year MSc will be adapted as a 16 month programme for Irish Aid Fellowship recipients.

Indicative Content: Core – Communicating Heritage; Research Project Skills; Cultural Heritage; International Strategies and the World Heritage Convention; Heritage Marketing, Market Research & Management; World Heritage and Sustainable Development; Conflict Resolution & Conservation; Dissertation. Options – Archaeology & WHM in Ireland; Irish Archaeological Landscapes; Ireland Landscapes: Future Views; Conservation Biology; Global Biodiversity and Heritage; Climate Change & the Environment; Remote Sensing; Historical Landscapes; Creative Thinking & Innovation.

Admission Requirements: A minimum of a lower second class honours degree or the international equivalent. Applicants with diverse academic backgrounds including Archaeology, Architecture, Geography, Biology, Arts, Agriculture, Engineering and Economics will be considered.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] www.bit.ly/2c3BVaw

Application: Apply online from programme webpage.

A25 MSc in Architecture, Urbanism & Climate Action*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The MSc programme equips graduates and returning professionals with specialist skills to respond to the challenge of planning, designing, and actioning a sustainable built environment. The School of Architecture, Planning and Environmental Policy (APEP) brings together four key disciplines to provide a unique graduate learning experience. Core modules are specifically designed to enhance knowledge of Sustainable Development Goals, climate science and policy as well as skills for sustainable building and urban design.

Indicative Content: Core – Introduction to Urban Design; Architecture & Climate Change; Linked Research Project; Carbon Management and Sustainable Urbanism; Research for Environmental Policy; Geographical Information Systems for Policy and Planning. Options – Building Renovation and Energy Retrofit; Realising Built Projects; Architectural Design; Urban Design Theory; Postgraduate Studio; Urban Design Studio; Agency: Design/Build; Computational Design; Irish Timber & Sustainability; Intro to Building Construction; Advanced Air Pollution; Energy System & Sustainable Environments; Introduction to Transportation and Traffic Engineering; Tools for Sustainable Development; Environmental Economics & Climate Policy; European Environmental Policy; Climate Politics and Policy; Climate Politics and Policy; Reimagining Dublin: An Interdisciplinary Exploration in Urban Regeneration; Remote Sensing; Natural Hazards and Risk; Planning, Society and Diversity; Urban and Regional Development; Environmental Assessment; Work Placement; Industry-Collaborative Research Project; Individual Research Project.

Admission Requirements: Undergraduate degree (GPA 3.08) in subjects related to the built environment including architecture, urban design, engineering, environmental sciences, or humanity degrees involving social or natural sciences.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/3fHKDlo>

Application: Apply online from programme webpage.

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The interdisciplinary programme provides students with an opportunity to study population issues in a research-led environment, with a focus on applying learning to real-world scenarios. Upon graduation, students will have the technical and substantive know-how to fill a large and important gap in an increasingly competitive global economy.

Indicative Content: Information Visualisation; Demography Dissertation; Introduction to ArcGIS; Advanced GIS; Population Patterns and Challenges; Introduction to Epidemiology, Biostatistics & Public Health; Demographic Analytics: Theory and Applications; Research Design; Data Programming with R.

Admission Requirements: This programme is intended for applicants who hold a primary degree in a relevant discipline, including political science, social policy, geography, sociology, economics, mathematics, statistics, development studies, business, finance, marketing, public health, psychology and computer science. An upper second class honours degree (2H1), or international equivalent is required.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: https://sisweb.ucd.ie/usis/!W_HU_MENU.P_PUBLISH?p_tag=MODULES&MAJR=W482

Application: Apply online from programme webpage.

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: This Master's programme is focused on the role of urban design in the context of urban planning, and is delivered with an emphasis on the distinct methodologies, professional perspectives and pedagogies of that discipline. It provides specialist knowledge and skills in urban design theory and practice, urban conservation; nature-based solutions, and the role of research in design. The programme will enable graduates to work as part of a multidisciplinary team to create better places through urban design. Students will also have the opportunity to draw upon the School's research expertise to place urban design centre stage in tackling a range of pressing environmental and other issues.

Indicative Content: Core – Conservation History, Theory and Policy; Postgraduate Studio; Urban Design Studio; Nature-Based Solutions; Research Design & Methods. Options – Research and Innovation in the Design Environment; Planning Law APEP; Placemaking: Urban and Rural Design; Housing Policy and Planning; Economic and Property Markets; Comparative Planning; Design Thesis; Thesis.

Admission Requirements: An honours undergraduate degree with minimum 2.1 award or international equivalent in a cognate discipline, including architecture and landscape architecture planning, geography, anthropology, sociology, environmental studies, engineering, property economics, surveying, politics, social science, and law.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: https://sisweb.ucd.ie/isis/!W_HU_MENU.P_PUBLISH?p_tag=PROG&MAJR=W332

Application: Apply online from programme webpage.

B

**Engineering and
Sustainable Technology**

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in Science of Energy consists of six taught modules. These are structured around a **cross-cutting introductory module**. The introductory module is designed to furnish students with all of the basic physics, chemistry and engineering concepts that are required to become an "Energy Scientist". Now with the ability to understand and analyse the competing aspects of all of the essential science, engineering and economics pertinent to the energy discipline, the students proceed to five specialised technically orientated core modules.

Indicative Content: Introduction to Energy Science; Conventional Energy Sources and Technologies; Electric Power Generation and Distribution; Sustainable Energy Sources and Technologies; Sustainable Energy Sources and Technologies.

Admission Requirements: This MSc is suitable for graduates who have achieved an upper second class honours degree or the international equivalent in either a physical science, earth science or engineering subject. However, applications from similarly qualified candidates from other disciplines are welcome if they can demonstrate a sufficient level of knowledge or interest in the Energy sector.

Programme Webpage: <http://www.tcd.ie/programmes/energyscience/>

Application: Apply online via programme webpage.

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in Sustainable Energy is designed to provide engineers, and other suitably qualified graduates with a specialist understanding of energy management as well as sustainable energy generation. The programme will advance your knowledge in efficiency techniques, sustainable energy technologies and energy management systems and strategies. It also includes theory and practice along with economics, management, current legal requirements and standards.

Indicative Content: Civil Engineering Management; Research Methodology; Research Dissertation; Wind Energy; Solar Energy Conversion and Applications; Building Energy Physics and Control; Energy Policy and Demand; Renewable Heat; Wave & Hydro Energy.

Admission Requirements: An upper second honours degree (or equivalent) in a Civil Engineering or related degree. Relevant industrial experience may be taken into account in allocating places where the programme is oversubscribed.

Programme Webpage: <https://www.tcd.ie/civileng/msc-in-sustainable-energy-engineering/>

Application: Apply online via programme webpage.

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: This programme aims to equip students with the information base and skill set to actively participate in this growing global market where energy/environment policy and technological innovation meet. It will provide students with knowledge and understanding of: (i) energy trends, their impacts on the environment and the engineering solutions to mitigate the damage; (ii) engineering of individual renewable energy sources of wind, hydro, biomass, wave, solar and geothermal; (iii) energy conversion processes for electrical, thermal and transport energy supply; (iv) the integration of intermittent renewable energy with the electricity network; (v) sustainable energy end use in building design, construction and management.

Indicative Content: Sustainable Energy; Solar and Geothermal Energy; Electrical Power System; Energy in Buildings; Energy Systems in Buildings; Wind Energy; Energy Systems Modelling; Biomass Energy; Photovoltaic Systems; Control Engineering; The Engineer in Society; Ocean Energy; Biomass Energy; Power Electronic Systems; Preliminary Research Project; Dissertation.

Admission Requirements: Minimum 2:2 Honours BE or BEng Degree. Candidates with equivalent academic qualifications and suitable experience may be accepted.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: <https://www.ucc.ie/en/ckr26/>

Application:

PAC Code: CKR26

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in Sustainable Energy and Green Technologies focuses development and optimisation of renewable energy resource exploitation; efficiency in energy generation and utilisation pathway; mitigation of environmental impacts, and; preparation for business innovation and job creations opportunities in renewable energy systems technologies development, plant biotechnology and entrepreneurship.

Indicative Content: The Bioeconomy: A Strategy for Sustainable Fuel, Material and Chemical Production; Life Cycle Assessment; Thesis; Advanced Air Pollution; Waste to Energy Processes & Technologies; Energy Systems Integration; LCA Applications; Research and Teaching Methods; Biorefinery Process & Tech; Energy Systems & Sustainable Environments.

Admission Requirements: An honours undergraduate degree with a minimum upper second class honours or international equivalence in an engineering, physical science or environmental related degree.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/3fK5uL8>

Application: Apply online from programme webpage.

B5 MSc in Energy Management*

TUD

Study Location: Technological University Dublin (Grangegorman Campus)

Programme Duration: 1 year

Programme Outline: The programme will enhance the present and future effectiveness of managers, engineers and scientists by providing an opportunity to study the theory and practice of current developments, laws, standards, technologies, management, economics and finance, associated with European energy and environmental issues. Graduates from the programme will be effective managers of environmental technology with an in-depth awareness of resource management under financial and environmental constraints.

Indicative Content: Core – Business (Organisational Behaviour); Law (Business Law); Financial Decision Making; Energy Supply; Energy Conversion and Use; Energy Management Principles and Practice; Research Methodologies; Dissertation. Options - Business (Strategic Management); Law (Energy & Environment Law and Policy); Financial Management; Wind Energy for Electricity Supply; Advanced Energy Systems; Sustainable Building Design; Power System Analysis; Embedded Generation; Renewable Energy Technologies; Biomass Technology / Bio fuels for Transport; Energy Control Systems; Low Energy Lighting Design.

Admission Requirements: At least a 2.2 award in an Honours Bachelor of Engineering Degree.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/30e10FL>

Application: Apply via programme webpage.

B6 ME in Energy Systems Engineering*

NUIG

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: This programme aims to advance students' engineering knowledge. It provides training in advanced technologies in energy systems engineering, transferrable skills for employment and/or a research career in the energy sector, and technology development through an energy systems engineering project.

Indicative Content: Core – Global Change; Renewable Energy Economics and Policy; Energy Systems Engineering Project. Options – Systems Modelling and Simulation; Project Management; Lean Systems; Computing Architecture & Operating Systems; Advanced Energy Systems Engineering; Programming; Research Methods for Engineers; Computational Methods in Engineering Analysis; Technology Innovation & Entrepreneurship; Financial Management; Databases; Advanced Mechanics of Materials; Design of Sustainable Environmental System; Advanced Mechanical Analysis and Design; Advanced Finite Element Methods; Combustion Science and Engineering; Energy in Buildings; Estimates and Costing; Power Systems; Turbomachines and Advanced Fluid Dynamics; Advanced Power Electronics; SmartGrid.

Admission Requirements: Entry to the programme is open to individuals who have Second Class Honours in a Level 8 engineering degree in a related discipline from a recognised university or third level college.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: [shortened as] www.bit.ly/1F1D62N

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

B7 MSc in Sustainable Energy Engineering*

WIT

Study Location: Waterford Institute of Technology

Programme Duration: 1 year

Programme Outline: This programme will provide students with expertise in energy use, environmental performance and sustainability in the design and operation of buildings and their associated facilities and services systems. It will encourage the development of students' powers of analysis, synthesis and communication to develop a broader understanding of Low Energy Building Design and Management.

Indicative Content: Research Methodology; Personal Development & Effectiveness; Statistical Analysis for Engineers; Energy Modelling for nZEB Design; Mechanical Services Systems; Low Energy Building Systems design; Sustainability & the Environment; Energy Modelling for HVAC Systems & Controls; Energy Auditing; Building Performance & Analysis; Electrical Systems & Energy Monitoring; Electrical Generation Technology.

Admission Requirements: The normal minimum expected entry requirement for the MSc in Sustainable Energy Engineering will be a cognate accredited NFQ Level 8 Honours 2.2. Engineering or Science Degree.

IELTS: Minimum 6.5 overall score required with no section lower than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2Wx4lyT>

Application:

PAC Code: WD554

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

B8 MSc in Water Resources Engineering*

NUIG

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: This programme will provide engineers with the technical competences to provide solutions to deliver safe/clean water. The programme will also give opportunities to students to study economics and the project management of large projects. Key components of this programme are a focus on understanding and using modern hydraulic modelling tools, and working in design groups.

Indicative Content: Core – Hydrology & Water Resources; Hydraulic Modelling; Design of Sustainable Environmental Systems; Hydropower; Water Quality Modelling; Water Resources in Developing Countries; Applied Field Hydrogeology; Advanced Fluid Mechanics; Numerical Analysis; Integration Design Project. Options – Computational Methods in Civil Engineering; Turbomachines & Advanced Fluid Dynamics; Environmental Economics; Engineering Finance Project Management; Applied Statistics for Engineers; Computational Fluid Dynamics; Environmental Impact Assessment; Global Climate Change; Introduction to Applied Field Hydrology.

Admission Requirements: Minimum entry requirement is a Second Class Honours Grade 1 in civil/environmental engineering or equivalent. Applications from candidates from cognate disciplines will be considered on a case-by-case basis.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: [shortened as] <https://bit.ly/3ew07xt>

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

B9 MSc in Environmental Engineering

TCD

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in Environmental Engineering provides education and training to those eager to pursue a career in the protection of the Environment. It aims to develop students with a specialist understanding in the area of Environmental challenges facing the Environment today, and with specialist skills to address these. The programme explores the themes of water, air, noise and soil pollution and how we may develop solutions for these challenges to protect the environment and society. The programme also incorporates the grand challenges facing Environmental Engineers of this era including climate change, sustainability, and renewable energy.

Indicative Content: Civil Engineering Management; Research Methodology; Research Dissertation; Hydrological Processes and Hydrometry; Spatial Environmental Analysis and Impact Assessment; Air Pollution; Waste Management and Energy Recovery; Water Quality and Hydrological Modelling; Water Resource Planning and Climate Change; Sustainable Water Supply and Sanitation; Water Treatment Technologies; Introduction to Environmental Engineering.

Admission Requirements: An upper second honours degree (or equivalent) in a Civil Engineering or related degree. Relevant industrial experience may be taken into account in allocating places where the programme is oversubscribed.

Programme Webpage: [shortened as] <https://bit.ly/2voSJ3k>

Application: Apply online via programme webpage.

B10 ME in Sustainable Infrastructure*

TUD

Study Location: Technological University Dublin (Bolton Street Campus)

Programme Duration: 1 year

Programme Outline: This programme is designed to provide Civil, Structural and Environmental Engineering graduates, and graduates from closely related disciplines, with specialised skills and knowledge in technical design for Sustainable Infrastructure. The programme consists of 12 taught modules and a Research Project module, and focuses, in particular, on sustainability, water engineering, numerical techniques, renewable and sustainable technologies and transport planning with options in advanced structural engineering.

Indicative Content: Core – Entrepreneurship for Engineers; Innovation and Knowledge Management; Research Methods; Statistical Analysis for Engineers; Introduction to Sustainable Infrastructure; Sustainable Infrastructure Research Project. Options – Finite Elements in Science and Engineering; Water Resources and Quality Management; Climate Resilient Infrastructure; Transport Planning & Simulation; Traffic Management & Road Safety; Energy Infrastructure; Waste and Environmental Management Systems; Structural Stability; Structural Analysis & Dynamics.

Admission Requirements: An honours bachelor degree, with a minimum attainment of second class honours grade 2, in Civil/Structural/Environmental Engineering or a closely-related discipline. The degree should be of four years duration and accredited by the relevant professional body.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2WpVG1c>

Application: Apply via programme webpage.

B11 MSc in Environmental Technology*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: This programme will enable its students to acquire skills in the areas of environmental engineering, risk assessment, air pollution, waste management, life cycle assessment, buildings and environment, energy systems and sustainable environment. This Masters will provide graduates with the skills to develop technological solutions for air, water and soil protection and emerging sectors across industry (particularly agri-food and bioresources), consulting companies and regulatory authorities.

Indicative Content: Buildings and Environment; Quantitative Risk Assessment for Human and Animal Health; Environmental Engineering; Life Cycle Assessment; Advanced Air Pollution; Waste to Energy Processes & Technologies; LCA Applications; Research and Teaching Methods; Energy Systems and Sustainable Environment; Thesis.

Admission Requirements: Minimum of a 2nd Class honours degree in Science, Engineering, Agricultural Science, Environmental Science or related discipline.

IELTS: Minimum 6.5 overall score required with no section lower than 6.0.

Programme Webpage: [shortened as] www.bit.ly/14UK6XV

Application: Apply online via programme webpage.

B12 MEngSc in Water, Waste and Environmental Engineering*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: This programme prepares graduates to work in the broad field of environmental protection and management. Students in this programme will gain advanced theoretical and conceptual knowledge and

understanding in the area of environmental engineering on topics such as engineering hydrology, environmental modelling, water and wastewater treatment, solid waste management, and environmental data analysis, among others.

Indicative Content: Core - Introduction to Water Resources Engineering 1; Science and Technology for Sustainable Development; Water Waste and Environmental Modelling; Environmental Impact Assessment; Quantitative Methods for Engineers; Environmental Research Project. Options - Unit Treatment Process in Water Engineering; Hydraulic Engineering Design; Introduction to Water Resources Engineering 2; Integrated Municipal Solid Waste; Remote Sensing; Advanced Air Pollution; Civil Engineering Systems; Freshwater Resources Assessment; GIS and Data Analysis; GIS and Remote Sensing; Geographical Information Systems for Policy and Planning; Applied Statistical Modelling.

Admission Requirements: A recognised bachelor's degree (honours) in engineering (minimum 4-yr, 240 ECTS), preferably in civil engineering or environmental engineering, or equivalent.

IELTS: Minimum 6.5 overall score required with no section lower than 6.0.

Programme Webpage: [shortened as] www.bit.ly/1607Ekt

Application: Apply online via programme webpage.

B13 MSc in Innovative Technology Engineering*

WIT

Study Location: Waterford Institute of Technology

Programme Duration: 1 year

Programme Outline: The Masters in Innovative Technology Engineering degree aims to produce graduates with strong skills in critical thinking and with a creative attitude necessary to instigate future developments in the field of Engineering Technology. The student will attain an academic mastery in their specialisation field while developing a broad knowledge of other related fields and how these converge.

Indicative Content: Core – Strategic Technological Innovation; Nanotechnology; Biomedical Science; Green Technology and Alternative Energy Sources; Convergent Technologies for Biomedical and Electro-Mechanical Applications; Novel Materials: Their Properties and Exploitation; Industrial Research 2; Dissertation. Options – Quality Management & Regulatory Affairs; Mechanics of Materials; Control Engineering; Technology Management; New Product Development Strategy; Product Design & Development; Cognitive Technologies; Entrepreneurship.

Admission Requirements: The normal minimum expected entry requirement for the MSc in Innovative Technology Engineering will be a cognate accredited NFQ Level 8 Honours 2.2. Engineering or Science Degree.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/3jmfF10>

Application:

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

PAC Code: WD555

Study Location: Cork Institute of Technology

Programme Duration: 1 year

Programme Outline: The Master of Engineering in Structural Engineering programme aims to develop advanced analytical, design and research skills in Structural Engineering. Graduates of this programme will be well equipped to meet the challenges of the modern Structural Engineering industry, providing and protecting the physical infrastructure that underpins society; in this context a broad range of infrastructure is addressed.

Indicative Content: Core – Sustainability in Engineering; Structural Engineering; Computational Solid Modelling; Engineering Research Skills; Adv. Geotechnical Engineering; Bridge Engineering; Infrastructure/Special Structure; Advanced Structural Design; Project Development; Research Project. Options – Infrastructure Asset Management; Engineering Project Management.

Admission Requirements: A minimum of a Second Class Honours Grade 2 in a professionally accredited Honours Degree Programme in Civil or Structural Engineering. Equivalent recognition may be given through the Recognition of Prior Learning (RPL) process on an individual case-by-case basis to candidates who have not achieved this academic standard but who can demonstrate significant relevant professional experience in the discipline of Structural Engineering.

Programme Webpage: <https://www.cit.ie/programme/CRCSTRU9>

Application: Apply online via the programme webpage.

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The programme includes specialist modules in structural dynamics, bridge engineering, structural design and professional engineering. You will also learn how to work in a multidisciplinary setting through combined modules with Architecture students. The programme provides advanced learning in the field of Structural Engineering and will provide you with an ability to identify, formulate, analyse and solve complex structural engineering problems.

Indicative Content: Core – Realising Built Projects; Advanced Structural Analysis & Design; Innovation Leadership; Structural Dynamics; Structural Research Project; Fibre Reinforced Composites; Quantitative Methods for Engineers. Options – Agency Design/Build; Structural Design (Building Construction); Bridge Engineering; Soil Mechanics and Geotechnical Engineering; Construction Management; Engineering Design Project; Energy Systems in Buildings; Professional Engineering (Management); Environmental Assessment and Management.

Admission Requirements: Honours Bachelor's Degree in Engineering or equivalent (with a minimum of 2:2 honours level, or equivalent) and the appropriate prior learning.

IELTS: Minimum 6.5 overall score required with no section lower than 6.0.

Programme Webpage: [shortened as] <http://bit.ly/2ctjjzc>

Application: Apply online via programme webpage.

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in Mechanical Engineering is designed to provide a flexible route to a Masters qualification for students who have completed a Bachelor's degree. It addresses advanced topics over a wide range of Mechanical and Manufacturing Engineering subjects. Within the MSc, there is a wide range of module options and an excellent opportunity to engage in topical research with leading research groups within the School of Engineering, as an important part of this programme is a research dissertation, which directly builds on some of the content of the modules.

Indicative Content: Core – Research Methods; Research Project. Sample Options – Advanced Materials; Advanced Thermal Fluid Sciences; Micro and Precision Manufacturing; Supply Chain Management; Wind Energy; Energy Policy and Demand; Advanced Spatial Analysis Using GIS; Medical Device Design; Tissue Engineering; Biomechanics; Biomaterials.

Admission Requirements: Candidates for this programme must normally hold a first or second class, first division honours Bachelor degree in engineering or a cognate discipline.

Programme Webpage: [shortened as] <https://bit.ly/2vqU61p>

Application: Apply online via programme webpage.

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in Transport Engineering, Policy and Planning provides education and training to the next generation of Transport Professionals. The programme aims to equip students with the skills to address the numerous challenges in the transportation field. The programme examines areas of transport policy, planning, design, modelling and analysis. The programme also incorporates modules addressing issues such as climate change, sustainability, and renewable energy.

Indicative Content: Civil Engineering Management; Research Methodology; Research Dissertation; Transport Engineering; Transport Modelling; Highway Engineering; Applied Transportation Analysis.

Admission Requirements: An upper second honours degree (or equivalent) in a Civil Engineering or related degree. Relevant industrial experience may be taken into account in allocating places where the programme is oversubscribed.

Programme Webpage: <https://www.tcd.ie/civileng/msc-in-transport-engineering-policy-and-planning/>

Application: Apply online via programme webpage.

C

**Development Studies,
Peace Studies, Human Rights,
International Relations,
Politics, Public Policy**

Study Location: Maynooth University

Programme Duration: 15 months

Programme Outline: The MA is designed to prepare participants for work in International Development in a community, local government, youth/adult education, or NGO setting. It offers learners an opportunity to explore contemporary theories of social change and development and to analyse development policies and practices. It builds skills especially in relation to research, leadership and working with groups and in the planning, management and evaluation of development projects. This programme was formerly offered by Kimmage Development Studies Centre.

Indicative Content: Political Economy of Development; Gender and Development; Managing Development Organisations; Introduction to Development Theory and Practice; Adult Learning for Development; Research Methods; Leadership in Groups; Human Development; Facilitation for Change; Financial Management; Health and Development; Sustainable Livelihoods and Climate Change Adaptation; Globalisation and Movements for Change; Human Rights and Advocacy; Anthropology and Globalisation; Conflict; Development and Security; Political Economy of Environment & Development.

Admission Requirements: Undergraduate degree (2.2 or higher) in a development related discipline (e.g. Agricultural Science, Anthropology, Economics, Education, Engineering, Geography, Health related discipline, Nutrition, Rural Development, Sociology or other Social Science, etc.) or a recognised international equivalent. Those with a professional background in work related to international development are particularly welcome to apply.

Programme Webpage: [shortened as] <https://bit.ly/2NB41lb>

Application:

PAC Code: MH50N

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in International Development is designed to provide you with an interdisciplinary understanding of the process of development by bringing together expertise in politics, economics, agriculture, political economy and other areas. The MSc International Development is a 90-credit programme. Full-time students must take a total of 65 credits between core and optional taught modules. Students must also submit a thesis worth 25 credits that will be written during the summer term.

Indicative Content: Core – Politics of Development; Thesis; Introduction to Statistics; Dissertation Design; Research Design and Case Study Methods; The Economics of Sustainable Development. Options – Theories of International Relations; International Political Theory; Comparative Public Policy; International Political Economy; Comparative European Politics; EU Foreign, Security and Defence Policy; Governing the Global Economy; Politics of European Governance; Politics of Human Rights; Theory of Human Rights; The Global Political Economy of Europe; Principles of International Politics; Gender in Peace and Conflict; The Politics of Inequality; Dissidents and Human Rights Defenders; Political Violence; Political Behaviour in the Middle East

and North Africa; Psychology of Conflict in the Middle East; Geopolitics of Brexit; Public Opinion and Politics; Comparative European Legislatures.

Admission Requirements: A primary degree with at least Second Class Honours Grade 1 (2H1) in a relevant subject such as political science, international relations, social science, sociology, history, geography, economics, global studies, public policy, development studies, EU studies, law.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpages: [shortened as] <https://bit.ly/2kGpiVL>

Application: Apply online from programme webpage.

C3 MSc in International Development*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in International Development is designed to provide you with an interdisciplinary understanding of the process of development by bringing together expertise in politics, economics, agriculture, political economy and other areas. The MA International Development is a 90-credit programme. Full-time students must take a total of 65 credits between core and optional taught modules. Students must also submit a thesis worth 25 credits that will be written during the summer term. MA students have the option of pursuing an internship in lieu of a thesis.

Indicative Content: Core – Politics of Development; Dissertation Design; The Economics of Sustainable Development. Options – Theories of International Relations; International Political Theory; Comparative Public Policy; International Political Economy; Comparative European Politics; EU Foreign, Security and Defence Policy; Governing the Global Economy; Politics of European Governance; Politics of Human Rights; Theory of Human Rights; The Global Political Economy of Europe; Principles of International Politics; Gender in Peace and Conflict; The Politics of Inequality; Dissidents and Human Rights Defenders; Political Violence; Political Behaviour in the Middle East and North Africa; Psychology of Conflict in the Middle East; Geopolitics of Brexit; Public Opinion and Politics; Comparative European Legislatures; Thesis; Internship.

Admission Requirements: A primary degree with at least Second Class Honours Grade 1 (2H1) in a relevant subject such as political science, international relations, social science, sociology, history, geography, economics, global studies, public policy, development studies, EU studies, law.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpages: [shortened as] www.bit.ly/2ckKVbm

Application: Apply online from programme webpage.

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in Economics focuses on developing the core technical skills needed to undertake research in economics. It emphasises active and problem-based learning to ensure mastery of the basic skills. The Economics – International Development strand aims to make you familiar with the latest topics, methods and policies employed in the economics of International Development. As our graduate, you will be well-placed to pursue a successful career in the private sector, government, international organizations, non-governmental organisations, or prepare yourself for a career in economic research.

Indicative Content: Core – Linear Regression, Consumption & Production; Panel Data; Long-Run Development; Maths & Stats; Multivariate Analysis; Research Methods; Time Series; Multivariate Analysis; Dissertation. Options – Consumption & Investment; Economic Growth, Emergence of Macroeconomic Policy; Economics of the Household; Political Economy; International Macroeconomics; Economics of Conflict; Impact Evaluation; Monetary Policy.

Admission Requirements: Bachelor's degree in economics, or another subject with a strong quantitative component, with a 2.1 classification (or equivalent).

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: <https://www.tcd.ie/Economics/postgraduate/msc-economics/>

Application: Apply online via programme webpage.

Study Location: University College Dublin

Programme Duration: 12 months

Programme Outline: The programme aims to provide students with a broad foundation in the area of international humanitarian action, in which both critical thinking and research skills are emphasized. The programme is suitable for both recent graduates and experience practitioners working or intending to work in the field of humanitarian relief and international co-operation.

Indicative Content: Core – Geopolitics; Anthropology; International Law; Public Health; Management in Humanitarian Action; Dissertation. Options – International Politics; Ethics in International Affairs; Conflict Resolution and Nonviolence; Armed Conflict, Peace-building and Development; The United Nations and Conflict Resolution; Human Rights in Theory and Practice; Gender, War and Peace; Gender and Globalisation; Reconciliation in Northern Ireland; The Politics of the Idea of Ethnicity; Theories of Race and Ethnicity; Religion, Conflict and Peace in International Relations; NGOs in Theory and Practice (Internship Module).

Admission Requirements: A minimum 2:2 Honours degree in a cognate subject.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: https://sisweb.ucd.ie/usis/!W_HU_MENU.P_PUBLISH?p_tag=PROG&MAJR=D062

Application: Apply online from programme webpage.

C6 MSc in Human Rights*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in Human Rights is a one-year intensive programme that prepares you for a career in human rights research, policy or advocacy in international organisations, governmental and non-governmental bodies, or academia. You will explore the theory, politics and law of human rights and examine the mechanisms and limitations of national and international action to protect human rights.

Indicative Content: Core - Theory of Human Rights; International Human Rights; Politics of Human Rights; Law of the ECHR; Dissertation Design. Options - Politics of Development; Disability and Equality; Asylum and Refugee Law, Politics and Rights; Theories of International Relations; Politics of Development; International Political Theory; Comparative Public Policy; Comparative Public Policy; EU Foreign , Security and Defence Pol.; Governing the Global Economy; Thesis; SPIRe Internship; Principles of Intl. Politics; Gender in Peace and Conflict; The Economics of Sustainable Development; Dissidents and Human Rights Defenders; Political Violence; Political Behaviour in the Middle East and North Africa; Psychology of Conflict in the Middle East; Geopolitics of Brexit.

Admission Requirements: A primary degree with at least Second Class Honours Grade 1 (2:1) in a relevant subject.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <http://bit.ly/2tgSzKw>

Application: Apply online via programme webpage.

C7 MA in Refugee Integration*

DCU

Study Location: Dublin City University

Programme Duration: 1 year

Programme Outline: This programme develops an in-depth, multi-faceted knowledge of issues raised by the arrival of asylum seekers and refugees in different jurisdictions. It explores how best to respond to the needs of newly arrived populations and host societies to ensure harmonious integration processes.

Indicative Content: Core – Forced Migration and Host Societies; The Refugee Journey: Mobility, Adaptation and Integration; Gender, Sexuality and Migration; Migrant Populations, Education and Second Language Acquisition; Research Methods; Dissertation. Options – Translation in Crises; Community Interpreting Theory and Practice; Community Interpreting Theory; Environmental Change and World Politics; EU Migration and Asylum Law; European and International Human Rights Law; Politics and Development in Africa; Politics of the UN: Politics of the Middle East and North Africa.

Admission Requirements: An undergraduate degree in any discipline with a minimum 2:2 or equivalent.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2MR3bY6>

Application:**PAC Code: DC663**

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

C8 MPhil in International Peace Studies**TCD****Study Location:** Trinity College Dublin**Programme Duration:** 1 year

Programme Overview: International Peace Studies examines the sources of war and armed conflict and suggests methods of preventing and resolving them through processes of peacemaking and peacebuilding. The programme combines perspectives from international relations, ethics and conflict resolution to reflect critically upon the wide range of social, political and economic issues associated with peace and political violence. A week-long Mediation Summer School provides an opportunity to develop practical skills in the area of conflict resolution and mediation. There is also the option to participate in various field trips in Ireland and abroad.

Indicative Content: Core - The Politics of Peace and Conflict, Research Methods. Options – International Politics; Ethics in International Affairs; Conflict Resolution and Nonviolence; Armed Conflict, Peacebuilding and Development; The United Nations and Conflict Resolution; Human Rights in Theory and Practice; Gender, War and Peace; Gender and Globalisation; Reconciliation in Northern Ireland; The Politics and Idea of Europe; Theories of Race and Ethnicity; Colonialism and Liberal Intervention; Religion, Conflict and Peace in International Relations; NGOs in Theory and Practice: Internship Module; Sharing Perspectives (online module).

Admission Requirements: Applicants should normally have an honours degree at second class level or GPA 3.2 or above. Students not meeting these criteria may exceptionally be considered at the discretion of the Dean of Graduate Studies.

Programme Webpage: [shortened as] <https://bit.ly/2in6YMJ>

Application: Apply online via programme webpage.

C9 MA in Peace and Conflict***UCD****Study Location:** University College Dublin**Programme Duration:** 1 year

Programme Outline: This programme uses comparative political science models and methods to analyse patterns of conflict and settlement, with a focus on internal violent conflicts, past and present. This programme allows analysis of the different ways that religion, ethnicity and inequality combine to generate violence. Specialist resources in the study of theories of ethnicity, identity, conflict; comparative ethnic conflict; Northern Ireland, Western Europe and relevant cognate specialisms in civic republicanism, justice and human rights, international security, European politics, and development studies.

Indicative Content: Core – Psychology of Conflict in the Middle East; Peace and Conflict Studies. Options – Media and US Foreign Policy; Disability and Equality; Gender War and Violence; Theories of International Relations; Politics of Development; International Politics Theory; Comparative Public Policy; Africa: Crisis and Opportunity; International Political Economy; Comparative European Politics; EU Foreign, Security and Develop Policy; Governing the Global Economy; Politics of European Governance; Politics of Human Rights; Theory of Human

Rights; Politics and Change in the Middle East and North Africa; The Global Political Economy of Europe; Gender in Peace and Conflict; Econ & Policy Analysis; Political Violence; Political Behaviour in the Middle East and North Africa; Political Theory and the EU; Gender & the Political System; Quantitative Text Analysis; International Security; Politics of (Mis-)Information; Internship; Thesis; UN Peacekeeping; Nationalism and Social Change; Global Migration.

Admission Requirements: A primary degree with at least Second Class Honours Grade 1 (2H1) in a relevant subject such as political science, international relations, social science, sociology, history, geography, economics, global studies, public policy, development studies, EU studies, law.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2DWuNLS>

Application: Apply online via programme webpage.

C10 MSc in Peace and Conflict*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: This programme uses comparative political science models and methods to analyse patterns of conflict and settlement, with a focus on internal violent conflicts, past and present. This programme allows analysis of the different ways that religion, ethnicity and inequality combine to generate violence. Specialist resources in the study of theories of ethnicity, identity, conflict; comparative ethnic conflict; Northern Ireland, Western Europe and relevant cognate specialisms in civic republicanism, justice and human rights, international security, European politics, and development studies.

Indicative Content: Core – Introduction to Statistics; Qualitative Research Methods for Political Science; Psychology of Conflict in the Middle East; Peace and Conflict Studies; Thesis. Options – Media and US Foreign Policy; Disability and Equality; Gender War and Violence; Theories of International Relations; Politics of Development; International Politics Theory; Comparative Public Policy; Africa: Crisis and Opportunity; International Political Economy; Comparative European Politics; EU Foreign, Security and Develop Policy; Governing the Global Economy; Politics of European Governance; Politics of Human Rights; Theory of Human Rights; Politics and Change in the Middle East and North Africa; The Global Political Economy of Europe; Gender in Peace and Conflict; Econ & Policy Analysis; Political Violence; Political Behaviour in the Middle East and North Africa; Political Theory and the EU; Gender & the Political System; Quantitative Text Analysis; International Security; Politics of (Mis-)Information; UN Peacekeeping; Nationalism and Social Change; Global Migration.

Admission Requirements: A primary degree with at least Second Class Honours Grade 1 (2H1) in a relevant subject such as political science, international relations, social science, sociology, history, geography, economics, global studies, public policy, development studies, EU studies, law.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: https://sisweb.ucd.ie/usis/!W_HU_MENU.P_PUBLISH?p_tag=PROG&MAJR=W408

Application: Apply online via programme webpage.

Study Location: University of Limerick

Programme Duration: 1 year

Programme Outline: Students investigate debates about the origins and nature of conflict and explore a range of approaches to conflict resolution. Contemporary cases of conflict and responses to these are examined, as are the connections between peacebuilding and development. Students further examine theories of economic and political development and explore contemporary strategies and practices of development.

Indicative Content: Core – Graduate Seminar in Development; Graduate Research Methods; Graduate Seminar in Peacebuilding; Dissertation. Options – Graduate Seminar in International Relations; Graduate Seminar in Institutions and Policies of the European Union; Graduate Seminar in Contemporary Political Theory; Multilevel Governance: concepts and practice; Conflict Analysis; Graduate Seminar in Comparative Politics; Graduate Seminar in International Co-operation and Conflict; Graduate Seminar in European Governance; Global Transformation and Exclusion; External Relations of the European Union; Russian and Post-Soviet Politics; Foreign Aid and Development; International Security; Development Practice and Programme Management; Global Justice; Representative Democracy in Europe; Mainstreaming Social Inclusion; International Political Economy.

Admission Requirements: Normally a primary degree in a relevant discipline with a minimum 2:2 Honours or an approved equivalent qualification.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/3hjn2hA>

Application: Apply through UL's online applications system using the link at the programme webpage.

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Overview: This programme critically examines the techniques used by states to manage population movement and conflict, their social and cultural impact and the responses they elicit. It is unique in the way it applies race-critical, cultural and postcolonial theories to racialization, population movement, conflict and peace-making. It is designed for people who work or wish to work in any of these fields, and/or who are thinking of PhD research. There is a focus on Ireland, Europe (including the Balkans), the US and the Middle East.

Indicative Content: Core – Theories of Race & Ethnicity; Research Methods; Theories of Conflict; Dissertation. Options – Racism and Resistance; Gender, War and Peace; Contemporary Conflicts: Case Studies; Development, Colonialism and Intervention; Migration, Labour and Conflict.

Admission Requirements: Candidates should have an Honours Bachelor degree (preferably upper-second class honours or equivalent, GPA of at least 3.2) in one of the social sciences or a degree that includes social science as a component. However, consideration will also be given to applicants with other relevant academic qualifications, work experience in the fields of population movement or conflict and/or publications that demonstrate analytical skills.

Programme Webpage: [shortened as] <https://bit.ly/2LOiynB>

Application: Apply online via programme webpage.

C13 MA in International Security and Conflict Studies*

DCU

Study Location: Dublin City University

Programme Duration: 1 year

Programme Outline: The MA in International Security and Conflict Studies explores the causes of conflict, the roles played by powerful states and the broader international community in conflict and security, the changing role of peacekeeping, terrorism and radicalisation, and conflict resolution processes.

Indicative Content: Core – International Law and Conflict; Resolving and Managing Conflict; International Security; Research Methodology; Dissertation. Options – Environmental Change and World Politics; Criminology; Professional Development; European and International Human Rights Law; Russia & The Former Soviet Space; Irish Foreign Policy; Conflict, Security & Peacebuilding; Political Terrorism; Politics & Development in Africa; Politics of the UN; Politics of the Middle East and North Africa; India: The Politics of an Emerging Power.

Admission Requirements: An undergraduate degree in any discipline with a minimum 2:2 or equivalent.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2BdP3qv>

Application:

PAC Code: DC629

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

C14 MA in International Relations*

DCU

Study Location: Dublin City University

Programme Duration: 1 year

Programme Outline: This programme explores the concepts, forces, and processes underpinning international relations, as well as looking at the role of powerful states, international organisations, legal frameworks, foreign policy, and the international political economy.

Indicative Content: Core – International Relations Theory; Principles of Public International Law; Research Methodology; International Political Economy; Dissertation. Options – Environmental Change and World Politics; Criminology; Postgraduate Professional Development; European and International Human Rights Law; Russia & The Former Soviet Space; Irish Foreign Policy; Conflict, Security & Peacebuilding; Political Terrorism; Politics & Development in Africa; Politics of the UN; Politics of the Middle East and North Africa; India: The Politics of an Emerging Power.

Admission Requirements: An undergraduate degree in any discipline with a minimum 2:2 or equivalent.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2MMC5RQ>

Application:

PAC Code: DC608

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

C15 MSc in International Politics

TCD

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The objective of the programme is to develop students' knowledge of international politics with a comprehensive empirical approach to understanding many prominent problems in contemporary world politics, especially topics where domestic and international politics cannot be understood in isolation from each other.

Indicative Content: Core – International Conflict; Research Design; Introduction to Quantitative Research Methods; International Politics; Dissertation. Options – Global Justice; International Human Rights Scholarship; US Foreign Policy; International Human Rights Institutions; International Dispute Settlement; Chinese Politics; Politics in Authoritarian Regimes; The Military and Politics.

Admission Requirements: Candidates should normally have achieved an upper second class honour degree or higher from an established university. GPA scores of at least 3.3 out of 4, or equivalent, will be expected from international applicants. A background in a social science will be an advantage but not a necessity. Applications are expected from candidates with a single or joint honours degree in Political Science, Economics, European Studies, History, Sociology, Business and Law.

Programme Webpage: [shortened as] <https://bit.ly/2hdU6vi>

Application: Apply online via the programme webpage.

C16 MA in International Development*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The MSc in International Development is designed to provide you with an interdisciplinary understanding of the process of development by bringing together expertise in politics, economics, agriculture, political economy and other areas. The MSc International Development is a 90-credit programme. Full-time students must take a total of 65 credits between core and optional taught modules. Students must also submit a thesis worth 25 credits that will be written during the summer term.

Indicative Content: Core – Politics of Development; Thesis; Introduction to Statistics; Dissertation Design; Research Design and Case Study Methods; The Economics of Sustainable Development. Options – Theories of International Relations; International Political Theory; Comparative Public Policy; International Political Economy; Comparative European Politics; EU Foreign, Security and Defence Policy; Governing the Global Economy; Politics of European Governance; Politics of Human Rights; Theory of Human Rights; The Global Political Economy of Europe; Principles of International Politics; Gender in Peace and Conflict; The Politics of Inequality; Dissidents and Human Rights Defenders; Political Violence; Political Behaviour in the Middle East

and North Africa; Psychology of Conflict in the Middle East; Geopolitics of Brexit; Public Opinion and Politics; Comparative European Legislatures.

Admission Requirements: A primary degree with at least Second Class Honours Grade 1 (2H1) in a relevant subject such as political science, international relations, social science, sociology, history, geography, economics, global studies, public policy, development studies, EU studies, law.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpages: [shortened as] <https://bit.ly/2kGpiVL>

Application: Apply online from programme webpage.

C17 MSc in International Relations*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: MSc International Relations probes into the causes and consequences of phenomena such as war, trade, regional integration, migration and terrorism. This programme aims to provide a comprehensive and critical grounding in key issues in politics and international relations and to allow students critically engage with cutting edge issues in the discipline.

Indicative Content: Core – Introduction to Statistics; Qualitative Research Methods for Political Science; Thesis. Options – Theories of International Relations; Politics of Development; International Politics Theory; Comparative Public Policy; Africa: Crisis and Opportunity; International Political Economy; Comparative European Politics; EU Foreign, Security and Develop Policy; Governing the Global Economy; Politics of European Governance; Politics of Human Rights; Theory of Human Rights; Politics and Change in the Middle East and North Africa; The Global Political Economy of Europe; Gender in Peace and Conflict; Econ & Policy Analysis; Political Violence; Political Behaviour in the Middle East and North Africa; Political Theory and the EU; Gender & the Political System; Quantitative Text Analysis; International Security; Politics of (Mis-)Information; UN Peacekeeping.

Admission Requirements: A primary degree with at least Second Class Honours Grade 1 (2H1) in a relevant subject such as political science, international relations, social science, sociology, history, geography, economics, global studies, public policy, development studies, EU studies, law.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <http://bit.ly/2tpCReA>

Application: Apply online via programme webpage.

C18 MA in International Studies*

UL

Study Location: University of Limerick

Programme Duration: 1 year

Programme Outline: The MA in International Studies uses the disciplinary insights provided by international relations theories to investigate and explain contemporary international issues such as terrorism, nuclear

proliferation, global inequality and child soldiers. The programme equips students with substantive knowledge about a variety of international political phenomena, competence in the use of social scientific research methods, as well as analytical and transferable skills.

Indicative Content: Core – Seminar in International Relations; Research Methods; Seminar in International Cooperation and Conflict; Dissertation. Options - Development Seminar; Institutions and Policies of European Union; Contemporary Political Theory; Multilevel Governance; Conflict Analysis; Comparative Politics; Peacebuilding; European Governance; External Relations of the EU; Russian and Post-Soviet Politics; Foreign Aid and Development; Global Justice; Representative Democracy in Europe; International Political Economy.

Admission Requirements: Normally a minimum 2:2 degree in a relevant discipline (e.g. economics, history, geography, political science, sociology, European studies, law).

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: <https://www.ul.ie/gps/programme/international-studies-ma>

Application: Apply through UL's online applications system using the link at the programme webpage.

C19 MSc in International Public Policy and Diplomacy*

UCC

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: The programme will give you access to expertise across a diverse range of subjects and is strongly orientated toward vocational skills training, through programmework and the opportunity to undertake a work placement. The programme will be of interest to you if you aspire to a career in, or are already working in, departments of foreign affairs and other government ministries, international political and financial organisations, the armed forces, aid agencies, non-governmental organisations, think-tanks, and international businesses.

Indicative Content: Core – Contemporary Global Politics; EU Political System and Policies; Global Economic Policies and Institutions; Foreign Policy and Diplomacy: Case Studies in Crises and Decision-making; Contemporary Issues in International Law; Introduction to European Union Law; Organisational Dynamics; Dissertation. Options – European Security; Political Science Research Methods; Comparative Political Institutions; Politics and Gender; Political Participation and Mobilisation; International Criminal Law; Global Maritime Security; Human Rights; Revolution, Decolonization & the Arab Spring; Indigenous Worldviews and Minority Religions; Rethinking Borders: Global Challenges to Social Justice.

D3 LLM in International and Comparative Law

TCD

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: This programme will allow students to engage meaningfully in comparative legal research using mature comparative law methodology and develop flexibility, adaptability and independence in order to engage productively with a changing, social, cultural and international environment. The programme is very flexible and offers a broad range of modules for students to choose from.

Sample Modules: African Human Rights Law; The Chinese Legal System in Comparative Perspective; Comparative Constitutional Law and Theory; International Criminal Law; International Economic Law; International Humanitarian Law; Islamic Law; Judicial Review and Human Rights: Theory and Practice; Law and Bioethics; Patent Law in the Globalised World; Transitional Justice.

Admission Requirements: A good honours law or law-based interdisciplinary Bachelor degree. Applications will also be considered from exceptional graduates in related disciplines in the Arts, Humanities, and Social Sciences who can convincingly demonstrate that their studies have fully prepared them for the LLM.

Programme Webpage: [shortened as] <https://bit.ly/2ZJRBH5>

Application: Apply online via programme webpage.

D4 LLM in International Criminal Law*

NUIG

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: The LLM in International Criminal Law (ICL) will provide students with an advanced understanding of the history and institutional structures of the various international criminal tribunals and the International Criminal Court. It will equip students with an in-depth knowledge of the principles of international criminal law and its component crimes and procedural issues, while also allowing them to develop a critical approach to the relationship between other accountability mechanisms, such as truth commissions.

Indicative Content: Core - Introduction to International Criminal Law; Dissertation. Options – African and Inter-American Regional Systems of Protecting Human Rights; Business and Human Rights; Children's Rights; Conflict and Post-Conflict; Counter-Terrorism and Human Rights; Economic, Social & Cultural Rights; European Convention on Human Rights; European Union and Human Rights; Genocide; How to Argue with an Economist; International Criminal Law; International Criminal Procedure; International Humanitarian Law; International Refugee Law; Introduction to Human Rights Law; Minority Rights; Peace Support Operations; Public International Law; Procedure before International Criminal Courts; Right to Development; Transitional Justice; Women's Rights.

Admission Requirements: Candidates should preferably hold a law degree or an interdisciplinary degree which includes a substantial law component and in which they have attained a minimum Second Class Honours Grade 1 standard or its equivalent.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

D5 LLM (International Human Rights and Public Policy)*

UCC

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: The programme offers students a wide range of human rights law programmes taught by leading experts in their field. It includes interdisciplinary teaching and a unique International Human Rights clinical module which focuses on essential human rights lawyering skills, including oral and written advocacy (legal and policy), strategic litigation, fact-finding and development.

Indicative Content: Core - Human Rights Law in Practice; International Human Rights Law and Public Policy; Contemporary Issues in International Law; International Human Rights Law; Thesis. Options – Terrorism and Political Violence; Law of the European Convention on Human Rights; Information Rights Law; Constitutional Law in Comparative Context; Criminology; Penology; Juvenile Justice; International Children’s Rights; International Criminal Law; The Family and the Law; International Refugee Law; Mental Health Law; Climate Change Law and Policy; International Environmental Law; Human Rights; Law of Cybercrime; Environmental Law in Practice; Method in Environmental Law; Enforcement and Sanctions in Antitrust Law; Mental Capacity Law; Legal Regulation of Cohabitation and Emerging Family Forms; Climate Change Law and Policy; Global Maritime Security; International Environmental Law.

Admission Requirements: A law degree with at least a 2:1, or have such other relevant third-level educational qualifications and/or professional experience as, in the opinion of the School of Law, qualifies you to undertake the LLM (International Human Rights Law and Public Policy) degree.

IELTS: Minimum 6.5 overall score required with no individual section lower than 5.5.

Programme Webpage: www.ucc.ie/en/ckl27/

Application:

PAC Code: CKL27

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above. *Additional application information is posted on the programme webpage.*

D6 LLM in International Human Rights*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The programme qualifies you to work in the field of human rights, either internationally or in Ireland, as a practising lawyer, legal adviser, policy-maker, advocate, researcher or academic. Students will learn to understand and think critically about the intersections between law, politics and international relations that come to the fore in the study of human rights.

Indicative Content: Core – Law of the ECHR; Theory of Human Rights; International Human Rights; Politics of Human Rights; Dissertation. Options: - Human Rights Law and Equality; International Economic Law; NGOs: Law, governance and Social Change; Law and Governance of the EU; Climate Change Law and Policy; Online Regulation; Data Protection and Privacy: European and US Perspectives; International Tax Law; Patent Law; Whistleblowing Law & Practice; Law of Armed Conflict; Politics of Development; Nonprofit Sector in Comparative Perspective: Politics, Regulation and Business.

Admission Requirements: Applicants must hold a Law degree, or an inter-disciplinary degree in which law was a major component. Applicants must have achieved at least an upper second class honours or equivalent.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2cYldYD>

Application: Apply online via programme webpage.

D7 LLM/MA in Human Rights in Criminal Justice*

UL

Study Location: University of Limerick

Programme Duration: 1 year

Programme Outline: The LLM/MA in Human Rights in Criminal Justice is designed to give graduates an understanding of the interaction between human rights and criminal justice in the 21st century and knowledge of the legal actors, supervisory bodies and institutions central to the field. Students will be given an in-depth understanding of the legal regimes operating at national, regional and global levels and sources of human rights law in the field of criminal justice.

Indicative Content: Core - Advanced Legal Research Skills; Dissertation Methodology. Options - Comparative International Protection of Human Rights; Law of the European Convention of Human Rights; Criminal Justice Processes and Sentencing; Comparative and European Criminal Justice; International Criminal Law; Policing and Human Rights; Criminology.

Admission Requirements: Applicants must normally have a second class honours degree, grade 2 (2:2) in law or in a relevant social science. Applicants with a primary degree in law will be awarded an LL.M., whereas all other applicants will be awarded an M.A.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <http://bit.ly/2tLGEp1>

Application: Apply online via the programme webpage.

D8 LLM in International Human Rights*

NUIG

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: This programme aims to prepare graduates for work in the field of international human rights, with international organisations, non-governmental organisations and as individual advocates. While the

emphasis of the programme is legal it accepts suitably qualified candidates from other backgrounds in the firm belief that human rights itself is multidisciplinary. The LLM programme aims to build specific and general skills with respect to the modern regime of human rights protection, and knowledge of the philosophies and theories that underpin it.

Indicative Content: Core – Introduction to International Human Rights Law; Dissertation. Options - Business and Human Rights; Children's Rights; Conflict and Post-Conflict; Counter-Terrorism and Human Rights; Economic, Social and Cultural Rights; European Convention on Human Rights; European Union and Human Rights; Gender and Human Rights; Human Rights, Sexual Orientation and Gender Identity; Human Rights Field Work; Islam and Human Rights; International Criminal Law; International Criminal Procedure; International Humanitarian Law; Introduction to Human Rights; Minority Rights; Peace Support Operations; Public International Law; Procedure Before International Criminal Courts; Refugee Protection; Right to Development; Transitional Justice.

Admission Requirements: It is preferred that applicants hold a degree in Law. However, the Centre also welcomes students with undergraduate degrees in disciplines other than law. In cases where applicants come from a non-law background, the Centre for Human Rights will consider academic background, relevant work experience, references and personal statement. Applicants must normally have attained at primary degree level a result of Second Class Honours Grade 1 or equivalent. However those falling short of this standard may be considered where they can demonstrate other appropriate academic accomplishments as well as relevant work experience.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: [shortened as] www.bit.ly/1UUvp0n

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

D9	LLM in Peace Operations, Humanitarian Law and Conflict*	NUIG
-----------	--	-------------

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: This programme aims to prepare graduates for work in the field of international peace support operations, with international organisations, non-governmental organisations and as individual advocates.

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

D11 LLM in International Migration and Refugee Law and Policy*

NUIG

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: The LL.M in International Migration and Refugee Law is the only programme of its kind on offer in an Irish university. This unique programme enables students to develop their knowledge of international and regional law, policy and practice as it relates to the phenomena of international migration, human trafficking and refugee law. Students can combine the study of international migration with specialised modules in international humanitarian law and peace operations, business and human rights, gender and law, child rights, international criminal law, advocacy, activism and strategic litigation, transnational lawyering, post-conflict justice, Islam and human rights.

Indicative Content: Core – International Migration Law; International Refugee Law; Dissertation. Options – Transitional Justice; Business and Human Rights; Counterterrorism and Human Rights; Contemporary Issues in International Migration Law; Economic, Social and Cultural Rights; Gender and Human Rights; International Humanitarian Law; International Peace Operations; International Human Rights Law; Procedure before the International Criminal Courts; Public International Law; Refugee Protection; Rights of the Child; Minority Rights.

Admission Requirements: A primary degree level a result of Second Class Honours Grade 1 or equivalent in a discipline such as law, political science, international relations, international development or social sciences. In cases where applicants come from a non-law background, the Irish Centre for Human Rights will consider academic background, relevant work experience, references and a personal statement.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: [shortened as] <https://bit.ly/2SEwctS>

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

D12 LLM (International Business Law)

MU

Study Location: Maynooth University

Programme Duration: 1 year

Programme Outline: The programme will enable law graduates to further their legal education by gaining a systematic understanding of the critical issues at the forefront of select areas of international business law. The programme also aims to develop legal research, reasoning, writing, advocacy, and teamwork skills, which are highly sought after by employers.

Indicative Content: Core – International Law on Foreign Investment; Islamic Finance Law; Professional Development; Dissertation. Options – International Human Rights; World Trade Law; Information Privacy Law; Public Procurement Law; Aircraft Financing; Economic, Social and Cultural Rights; EU External Relations Law and Policy; Advocacy Funds Law; Information Technology Law.

Admission Requirements: Applicants are required to have an undergraduate degree in law (a minimum 2.2 grade, honours (level 8) degree in law (a 'licence', an LLB or equivalent)).

E

**Health, Medicine,
Pharmacy, Biotechnology
and related**

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The M.Sc. Global Health aims to prepare graduates to contribute on a broader scale to the design, implementation, and management of health programmes, health systems development and health policy. The programme augments traditional approaches to public and international health by bringing together perspectives and insights from a range of health and social sciences in understanding and resolving the challenges of global health. The M.Sc. Global Health programme is particularly designed for practitioners, policy makers, health system planners, programme managers, analysts and health researchers, who wish to understand the broader and interconnecting causes of many health problems from a global perspective.

Indicative Content: Core: Health Economics and Financing; Health Policy and Systems; Reproductive, Maternal and Child Health; Qualitative Research Methods; Health, Environment and Climate; Quantitative Research Methods; Epidemiology; Project Cycle Management; Systematic Reviews; Global Health Research Project. Options: Culture, Health and Illness; Nutrition and Global Health; Information Communication Technology for Development.

Admission Requirements: At least a 2:1 honours degree from an Irish university or equivalent result from a university in another country. Applicants must have a demonstrated interest and/or experience in global health or health issues in developing countries. As global health is a multidisciplinary field, applicants can be graduates of any academic discipline.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: <https://www.tcd.ie/medicine/global-health/msc/>

Application: Apply online via the programme webpage.

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: The aim of this programme is to provide students, from a range of different professional backgrounds, academic and experiential development in the theory and practice of Public Health. The MPH is a multi-disciplinary programme where you can specialise in health promotion, health protection or advanced epidemiology.

Indicative Content: Core - Principles and Practice of Public Health; Applied Research for Public Health; Public Health Informatics; Leadership in Public Health; Dissertation. Options – Health Promotion: Concepts, Principles and Practice; Practice Portfolio–Health Promotion; Public Health and Behavioural Change; Graduate Information Literacy Skills; Global and Environmental Health; Critical Social Science Perspectives on Public Health; The Principles and Practices of Multi-Disciplinary Health Protection; Microbiology for Health and Protection; Global Environmental Health; Advanced Epidemiology; Advanced Biostatistics; Survival Analysis; Systematic Review and Meta-Analysis; Minor Dissertation in Public Health and Epidemiology; Minor Dissertation in Epidemiology.

Admission Requirements: Normally at least a 2:2 Honours degree in a relevant subject or at least a 2:2 Honours degree in any discipline with a postgraduate qualification in a relevant field or evidence of at least two years' relevant work experience.

IELTS: Minimum 6.5 overall score required with no section less than 6.5.

Programme Webpage: www.ucc.ie/en/ckx11

Application:

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above. *Additional application information is posted on the programme webpage.*

E3 Master of Public Health*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The Master of Public Health provides broad-based education and training in the basic disciplines which underlie the practice of Public Health including disease epidemiology, research methods and statistics, health promotion, environmental health, health economics, international health, sociology and health policy. Students will acquire (i) knowledge of the factors influencing health status; (ii) an understanding of the organisation and financing of Health Services and their impact on population health; (iii) the epidemiological skills of study design and analysis; and (iv) the ability to work as an active team member in planning, implementing, monitoring and evaluating health policy.

Indicative Content: Core – Introduction to Environmental Science and Health; Fundamentals of Epidemiology; Public Health Practice and Policy; Biostatistics I; Health Promotion; Communicable Disease Epidemiology; Non-Communicable Disease Epidemiology; Applied Research Methods & Data Management; MPH Dissertation; Sociology & Social Epidemiology; Health Economics and Management. Options – Food Diet and Health; Nutritional Epidemiology; One Health; International Health I; Risk Perception, Communication and Behaviour Changes; Biostatistics II; Research Methods in Genetic Epidemiology; International Health II; Introduction to Knowledge Synthesis, Systematic Reviews & Meta-Analysis; Graduate Teaching Assistant.

Admission Requirements: This programme is intended for Graduates of Health Science degree programmes (Medicine, Dentistry, Public Health, Pharmacy, Physiotherapy, Occupational Therapy, Nutrition, Nursing, or other), Science degree programmes (Biology, Biochemistry, Food Science, Physiology, Pharmacology, or other) or Social Science degree programmes (Psychology, Sociology, Economics, or other) preferably with a 2.1 Award or higher. Awards of 2:2 or less may be considered with additional suitable credentials. Applicants will be required to provide evidence of the highest level of mathematics achieved in prior education.

IELTS: Minimum 6.5 overall score required with no less than 6.5 in writing and not less than 6 in each other component.

Programme Webpage: [shortened as] www.bit.ly/2czlOMx

Application: Apply online from programme webpage.

Study Location: St. Angela's College

Programme Duration: 1 year

Programme Outline: The purpose of this programme is to prepare nurses to assume the role of manager/leaders in various health care settings globally. As there is a continued emphasis on corporate governance, fiscal sustainability and leadership accountability, employment opportunities and board positions within this sector will be in demand. Graduates with this knowledge base and skill set will be set to take up these responsibilities and apply this knowledge for the public good.

Indicative Content: Managing Finance in Healthcare Organisations; Principles of Healthcare Leadership; Quality and Healthcare Management; Strategic Management and Leadership; Information, Measurement and Evaluation; Healthcare Ethics; Evidence Based Project Management.

Admission Requirements: A primary degree (min 2:2) in Nursing or any Healthcare related field. Applicants must also have a minimum of two years post registration Nursing / Healthcare related experience.

Programme Webpage: <http://www.cll.ie/programme/?programmeid=121>

Application: Apply via online application form available at <http://www.cll.ie/international-form/>

Study Location: University of Limerick

Programme Duration: 1 year

Programme Outline: The MSc is designed to enhance graduates' critical thinking and develop evidence based practitioners as future leaders of effective services. Graduates will obtain an in-depth knowledge of an area of Health Sciences to apply to their professional practice. From this MSc, graduates will be able to describe and appreciate the strengths and weaknesses of the current range of theory and research.

Indicative Content: Core – Evidence Based Practice; Research Methods for Clinical Therapists; Dissertation. Options – Independent Learning Module; Principles of Primary & Community Care; Leading & Managing Practice; Social Influence & Attitude Change; Engaging Through Complexity; Innovation in Management for Health & Social Care; Intercultural Care; Qualitative Research Methods in Psychology; Applied Positive Psychology.

Admission Requirements: Healthcare clinicians with a professionally and academically accredited BSc (Hons) or equivalent in a health profession at a minimum award of 2.2 hons level or above.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2Cqx29G>

Application: Apply online via the programme webpage.

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: This programme will prepare health and social care professionals in the delivery of universal primary care and is suitable for people who are currently either working in, or intend to work in community health and who are seeking an enhanced qualification for their career advancement. The purpose of the programme is to enable students from across a broad spectrum of professional backgrounds to gain a grounded understanding of the core principles of public health and their application to the practice of community healthcare, and to increase graduates' employability in community health practice.

Indicative Content: Core – Determinants of Health; Principles and Practice of Community Health; Epidemiology and Healthcare Statistics; Theory and Practice of Enquiry Methods in Health Care; Health Promotion and Management of Chronic Disease. Options – Deconstructing Mental Health and Distress; Child Health Provision in the Community.

Admission Requirements: Minimum 2:1 grade (second class honours) in a relevant primary degree in the applicant's field of practice. Where applicable, applicants must hold current registration with the relevant professions' regulatory body.

Programme Webpage: [shortened as] <https://bit.ly/2s3I1OH>

Application: Apply online via the programme webpage.

Study Location: Maynooth University

Programme Duration: 1 year

Programme Outline: This programme represents an innovative development in higher degree options in the biological sciences. It is targeted at biological and health science graduates who are interested in the major challenges in health and development today and who wish to broaden their understanding of immunology, its importance in global health and the factors that impact on immunological intervention strategies in health and disease. An important component of the programme covers emerging and re-emerging diseases including diseases of poverty.

Indicative Content: Core – Fundamental Immunology; Advanced Immunology; Geography of Health & Health Care; Epidemiology & The Modelling of Human Disease; Bioethics; Biopharmaceuticals & Clinical Trial; Clinical Immunology; Introduction to Bioinformatics; Vaccines & Adjuvants; Research Project; Seminars in Advanced Immunology and Global Health. Options – Tumour Biology; Human Nutrition and Metabolic Disease; Clinical Proteomics: Discovery, Validation and Medical Utility.

Admission Requirements: An honours primary degree (grade 2.2 or above) in the biological or health related sciences. Candidates with other qualifications and suitable employment experience will be considered.

IELTS: Minimum 7.0 overall score required with no band below 6.5, and a minimum score of 7.0 in writing.

Programme Webpage: [shortened as] <https://bit.ly/2PvrQ65>

Application:**PAC Code: MHD50**

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

E8 MSc in Immunology**TCD****Study Location:** Trinity College Dublin**Programme Duration:** 1 year

Programme Outline: This M.Sc. in Immunology includes study of immunological processes and mechanism, how they contribute to disease and how they might be manipulated therapeutically. By focusing on the molecules, cells, organs and genes of the immune system, their interaction and how they are activated and regulated, students will develop a deep understanding of the pathological processes underpinning immune mediated disease and how they might be controlled. The master's programme aims to provide students with a well-balanced and integrated theoretical and practical knowledge of Immunology, and to highlight the progress and intellectual challenges in this discipline.

Indicative Content: Basic Immunology; Immunological Technologies; Communicating Science and Critical Analysis; Immunogenetics; Microbe Detection and Evasion; Clinical Immunology; Parasite Immunology; Tumour Immunology; Global Infectious Diseases; Immunotherapeutics and Product Development; Dissertation.

Admission Requirements: Applicants will normally be required to hold at least Upper Second Class Honours degree (2:1) or higher in Medicine, Veterinary Science, Molecular Biology, Genetics, Immunology, Biochemistry or a related subject.

Programme Webpage: <https://www.tcd.ie/Biochemistry/postgraduate/masters/>

Application: Apply online via programme webpage.

E9 MSc in Science and Health Communication***DCU****Study Location:** Dublin City University**Programme Duration:** 1 year

Programme Outline: As well as teaching and training for those entering - and continuing - careers in STEM education and public engagement, we welcome students interested in leadership and communication in the commercial medical sector as well as public health policy, administration and regulation. The new MSc in Science and Health Communication includes e-health governance, stakeholder engagement and management, policy drafting and data communication alongside existing topics on media skills and STEM communication.

Indicative Content: Core - Strategic Communication for STEM, Environment and Healthcare; Research Methods; Science and Health in the Media; Data Communication; Project/Dissertation; INTRA work placement. Options - Engagement Assessment and Decision-Making; The Moving Image; Understanding Social Media; Social Media, Journalism & Democracy; Informatics in eHealth; Media and Communication Skills; Gender and Sexuality in Digital Culture; Media Audiences and Consumption.

Admission Requirements: A degree at the level of an Irish Honours undergraduate degree (H2.2 or above) or equivalent. Applicants with appropriate combinations of professional qualifications and experience may also be

considered. This includes discipline-specific knowledge and know-how; transferable skills; basic research competency; personal effectiveness.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2Y3QL3H>

PAC Code: DC606

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

E10 MSc in Health Informatics*

UL

Study Location: University of Limerick

Programme Duration: 1 year

Programme Outline: Health informatics is a multi-disciplinary, multi-dimensional field. This field focuses on the creation, modelling, management and sharing of health data and knowledge to support data analysis and timely decision making in medicine and health care together with the information science and technology to support these tasks. It is not solely a technical discipline but focuses on the relationship between the technology and its use in real-world settings i.e. solutions are designed in context, taking into account the social, cultural and organisational settings in which computing and information technology will be used in health care sectors.

Indicative Content: Health Informatics Applications; Electronic Health Record Management; Research Methods in Health Informatics; Medical Decision Support Systems; Requirements Engineering for Health Informatics; Health Informatics Project Management; Strategic Issues in Health Informatics; E-Health Systems; ICT for Evidence-Based Health Care; Research Project; Health Informatics Dissertation.

Admission Requirements: (i) A Health Care Administrator/Clerical Officer, Health Care Manager or Health Care Professional who holds a primary undergraduate degree (2.2 honours or higher), or (ii) an applicant who holds a primary undergraduate degree (2.2 honours or higher) in a health sciences discipline, or (iii) an IT specialist who holds a primary undergraduate degree (2.2 honours or higher) with experience of working in a health care setting, or (iv) an applicant with at least 5 years relevant work experience who can satisfy the programme admission team that he/she has the ability to complete and benefit from this programme.

IELTS: Minimum 6.5 overall score required with no section lower than 6.0.

Programme Webpage: <https://www.ul.ie/gps/programme/health-informatics-msc>

Application: Apply online via programme webpage.

E11 MSc in Biomedical Science*

NUIG

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: This MSc programme aims to provide students with the underpinning knowledge and practical skills to pursue a successful career in biomedical science. The programme is designed for those who wish to follow careers as Biomedical Scientists in research, the Health Service or in the wider context of biomedical

science (including Medical Technologies, Bio-pharmaceutical and other Healthcare industries). A major objective of the programme is to introduce students to an interdisciplinary approach to Biomedical Science, which utilises technologies and skills from a wide spectrum of scientific, engineering and clinical disciplines.

Indicative Content: Core – Research & Minor Thesis; Tissue Engineering; Materials, Science & Biomaterials; Applied Biomedical Sciences; Introduction to Business; Literature Analysis and Presentation Skills in Biomedical Research; Regulatory Compliance in Healthcare Manufacturing; Molecular Medicine. Options – Scientific Writing; Human Body Structure; Protein Technology; Human Body Function; Fundamental Concepts in Pharmacology; Cell & Molecular Biology: Advanced Technologies; Radiation and Medical Physics; Advanced Tissue Engineering; Introduction to Bioinformatics; Advanced Industrial Processes.

Admission Requirements: Graduates who have a first class or second class honours BSc degree in a relevant biological or biomedical sciences, physical sciences or engineering field.

IELTS: Minimum 6.5 overall score required with no band below 6.0.

Programme Webpages: [shortened as] www.bit.ly/chj2Yk

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

E12 MSc in Biotechnology*

UCC

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: The MSc in Biotechnology is a one-year programme designed to provide you with the theoretical and practical skills for employment in the industries of biomedical research, biopharmaceuticals, agrochemicals and biotechnology. The programme curriculum consists of six months of lectures, laboratory practical sessions, career service workshops, industry-based seminars and a six-month research project.

Indicative Content: Advanced Molecular Microbial Biotechnology; Biopharmaceuticals: Formulation Design, Secondary Processing and Regulatory Compliance; Bioprocess Engineering; Cell and Molecular Biology; Functional Foods for Health; Genetic Engineering; Modern Methods in Analytical Chemistry; Plant Genetic Engineering; Research Dissertation and Industry Placement.

Admission Requirements: Candidates must have obtained at least a Second Class Honours, Grade I degree or equivalent in a subject(s) related to that of the MSc programme. Graduates with a Second Class Honours Grade II will be considered on a case-by-case basis. Graduates with equivalent qualifications in related areas of science and technology, or with proven and relevant industrial experience can be considered for places following interview and assessment by the Director of the MSc (Biotechnology) Programme.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: www.ucc.ie/en/ckr01

Application:

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

PAC Code: CKR01

Study Location: Athlone Institute of Technology

Programme Duration: 1 year

Programme Outline: This one-year MSc programme consists of theory and practical classes which are held at AIT, a training period in the National Institute for Bioprocessing Research & Training (NIBRT), site visits to biopharmaceutical plants and guest lectures from individuals working at the cutting edge of the biopharmaceutical industry.

Indicative Content: Analytical Tools for Characterising Biopharmaceuticals; Cell Culture and Cell Line Development; Protein Biochemistry; Lean Six Sigma for Biopharma; Immunobiologics; Contemporary Issues in Biopharma; Bioprocess Technology; Quality by Design and Project Management; Practical Elements; Research Project.

Admission Requirements: First or second class honours grade, or international equivalent, in a Biology or Chemistry-related primary degree (e.g. Biotechnology, Toxicology, Biochemistry, Pharmaceutical Science, Genetics, Neuroscience, Pharmacy, Pharmacology, Physiology, Medicinal Chemistry, etc.). Graduates who hold equivalent qualifications in related science and technology disciplines or who have relevant industrial experience will be considered for places on a case-by-case basis.

Programme Webpage: www.ait.ie/programmes/msc-in-biopharmaceutical-technology

Application: Application forms can be downloaded at: www.ait.ie/international/non-eustudents
For enquiries, contact Mary Simpson, AIT International Office - international@ait.ie or +353 - 90 – 6468 272.

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The M.Sc. in Pharmaceutical Sciences is an integrated multidisciplinary programme addressing fundamental and applied aspects of drug and drug product discovery, development, production and analysis. The programme will prepare candidates for research careers in academia and industry in pharmaceutical R&D.

Indicative Content: Regulatory aspects and industrial pharmacy; Chromatographic and other separative methods of analysis; Spectroscopic methods for drug analysis; Molecular pharmaceuticals and advanced drug delivery; Analysis of low level drug analytes; Pharmaceutical and medical nanotechnology; Pharmacological and related methods; Analysis of biotech products; Formulation development and evaluation; Research methods in pharmaceutical analysis, analytical method, validation and statistics.

Admission Requirements: Applicants are accepted, subject to the availability of places, from holders of honours degrees in a relevant Science discipline (e.g. Pharmacy, Chemistry, Analytical Chemistry, Microbiology, Biochemistry, Pharmacology and other appropriate primary honours degrees e.g. I.T., Medicine or Veterinary). Equivalent primary and/or postgraduate qualifications are considered, particularly with relevant professional experience.

Programme Webpage: https://pharmacy.tcd.ie/postgraduate/msc_analysis.php

Application: Apply online via programme webpage.

E15 MSc in Pharmaceutical Quality Assurance & Biotechnology*

TUD

Study Location: Technological University Dublin (Grangegorman Campus)

Programme Duration: 1 year

Programme Outline: This programme is offered on a one year full—time basis followed by a 6-month industry based dissertation. It is designed to provide a bridge for graduates with a degree in science or related disciplines to the specific requirements of the pharmaceutical sector. The programme offers a broad-based curriculum covering aspects of quality assurance, auditing, manufacturing and pharmaceutical science and biotechnology.

Indicative Content: Q.A., Auditing and Inspection; GMP and Validation; Biotechnology; Pharmaceutical Technology and Research Methods; Pharmaceutical Facilities and Utilities; Pharmaceutical Manufacturing and Management; Pharmaceutical Analysis & Method Validation; Medicinal Chemistry and Process Design & Development for API Production; Biopharmaceutical Analysis; Pharmaceutical Microbiology and Aseptic Manufacture; Pharmacology and Toxicology; Process Validation for Biopharmaceuticals; Industry Placement and Dissertation.

Admission Requirements: Honours bachelor degree in science or related discipline at 2.2 grade or higher or equivalent qualification. Selection will be by interview.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/3h2FAIX>

Application: Apply via programme webpage.

E16 MSc in Chemistry – Analysis of Pharmaceutical Compounds*

UCC

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: The MSc in Analysis of Pharmaceutical Compounds is a one-year programme designed to provide you with the theoretical and practical skills for employment in a diverse range of industries that require analytical expertise. The programme curriculum consists of six months of lectures, laboratory practical sessions, career service workshops, industry-based seminars/workshops, site visits to industry and a six-month research project (industry, research institute, aboard).

Indicative Content: Modern Analytical Techniques; Chemical Data Analysis and GLP; Separation Science, Sensors and Process Analytical Technology; Materials, Pharmaceutical and Bio-analysis; Practice of Analytical Chemistry; Biopharmaceuticals: Formulation Design; Secondary Processing and Regulatory Compliance; Research Project and Dissertation.

Admission Requirements: Candidates must have obtained at least a Second Class Honours degree or equivalent in a subject(s) related to that of the MSc programme. Graduates with equivalent qualifications in related areas of science and technology, or with proven and relevant industrial experience can be considered for places following interview and assessment.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: <https://www.ucc.ie/en/ckr02/>

Application:

PAC Code: CKR02

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

E17 MSc in Diagnostics and Precision Medicine*

DCU

Study Location: Dublin City University

Programme Duration: 1 year

Programme Outline: The MSc in Diagnostics and Precision Medicine is a new blended-learning programme that details how diagnostics and therapeutics are revolutionising healthcare and medicine by providing the right person with the right therapy at the right time.

Indicative Content: Introduction to Cell Biology and Biotechnology; Recombinant DNA Technology; Fundamental and Applied Immunology; Molecular Diagnostics; Precision Medicine 1: Targeted Therapeutics and Diagnostics for Cancer; Translational Bioinformatics; Precision Medicine 2: Targeted Therapeutics and Diagnostics for Inflammatory Diseases and Inherited Diseases; Applied Biostatistics for Medicine and Informatics; Professional Skills for Scientists; Laboratory Practical Skills in Biomedical Diagnostics and Therapeutics; Research Project.

Admission Requirements: A relevant undergraduate degree with a minimum 2:1 or equivalent in life science, pharmaceutical or chemistry disciplines. In addition, candidates who hold a primary degree, with a Second-Class grade (H2:2) in a relevant discipline and with industrial experience will be considered.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2Pcbgln>

Application:

PAC Code: DC739

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

E18 MSc in Nursing Studies*

UL

Study Location: University of Limerick

Programme Duration: 1 year

Programme Outline: The MSc Nursing Studies programme prepares and advances students with the knowledge, skills and attitudes required to become confident, critical, analytical and research aware graduates. The programme provides opportunities to explore research as evidence for enhancing and changing practice and aims to advance the student's aptitudes in becoming confident, analytical and research aware.

Indicative Content: Core – Health Research - Methods & Methodology; Principles of Primary & Community Care; Leading & Managing Practice; Project Development & Study Skills; Promoting Quality & Safety in Healthcare; Dissertation Project 1; Dissertation Project 2. Options – Health Promotion in Nursing/Midwifery Practice; Intercultural Care; Therapeutic Engagement.

Admission Requirements: Candidates must have a first or second class honours degree in a relevant or appropriate subject and must be a registered nurse and provide evidence of a current registration with an appropriate Nursing/Midwifery Registration Board.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2BjpFk4>

Application: Apply online via the programme webpage.

F

Education

Study Location: Institute of Technology, Carlow

Programme Duration: 1 year

Programme Outline: This programme has been designed to facilitate and prepare students and current practitioners or those with an interest in early childhood education for leadership and management roles in the operation of early childhood education services and related public policy. This Masters programme will develop students' ability to both analyse, manage and creatively respond to critical issues and changes in early childhood care policy and service implementation, all the time being cognisant of the best interests of the child.

Indicative Content: Contemporary Issues in Early Years Policy, Theory and Practice; Leading Quality in Early Years Education & Care; Leadership, Strategy & Governance; Transformative Children's Rights Education; Educational Psychology; Early Years Entrepreneurship and Innovation; Research Methods; Dissertation.

Admission Requirements: An undergraduate degree with a minimum 2:2 or equivalent in Early Childhood Education & Care/ Studies, Applied Social Studies, Social & Community Studies, Youth & Community Work, Social Sciences or cognate area.

Programme Webpage: [shortened as] <https://bit.ly/2L3EyFT>

Application: Apply online at <https://www.itcarlow.ie/international.htm>.

Study Location: Mary Immaculate College

Programme Duration: 1 year

Programme Outline: The programme covers theories, principles and practices in contemporary educational settings and is designed for all those interested in enhancing their professional knowledge, understandings and skills. Teaching and learning methods include; lectures, workshops, presentations, visiting speakers and supervised research. Graduates of the programme are working as teachers, principals, inspectors, lecturers, and researchers in schools, colleges, universities at home and abroad.

Indicative Content: Theory and Practice in Education; Applied Research Project; Principles and Practice of Research in Education; Ensuring Criticality and Reflexivity in Educational Research Design; Curriculum Design, Development and Evaluation; National and International Trends and Current Issues in Education; Dissertation.

Admission Requirements: Primary Degree in Education at a minimum of Honours 2:2. Applicants who have a 2:2 Honours degree in other disciplines may be considered if they have substantial and relevant professional experience.

IELTS: Minimum 6.5 overall score required with no band below 6.0.

Programme Webpage: [shortened as] <http://bit.ly/2xrhCgZ>

Application: Download an application form from the programme webpage and email to holly.cowman@mic.ul.ie.

Study Location: Maynooth University

Programme Duration: 1 year

Programme Outline: A range of educational research methodologies are taught as key components of the programme to support students in developing the necessary research skills to conduct their own research, and to interpret and interrogate research around key educational issues. Students can choose between taking a **Specialism** and taking a **General** degree with the option of completing either a Thesis or a Capstone Project at the end of the programme.

Indicative Content: Core – Critical Reflections on Education; Introduction to Research Methods in Education; Contextualising and Communicating your Research. Options – Educational Policy and Legislation: Navigating Official Landscapes; Teaching about Teaching: From Teacher to Teacher Educator; Play and Enquiry Led Curriculum/Pedagogy; Thesis; Capstone Project; Equality, Diversity & Policy in Education; Communicational Leadership: Personal and Professional; Exploring Critical and Creative Pedagogies: Drama and the Arts in Education; Wellbeing, Mental Health and Education; Teacher Education: Policies and Issues; Leadership and Mentoring in the Early Years Context.

Admission Requirements: Applicants will hold the equivalent of an honours degree and/or honours postgraduate diploma.

Programme Webpage: [shortened as] <http://bit.ly/2v7jZ3y>

Application:

PAC Code: MH52G

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above. *Additional application information is posted on the programme webpage.*

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: This programme is designed for students who wish to deepen their understanding of educational issues, practices and research in order to pursue or develop a career in education or related disciplines. Students are exposed to a range of research skills and techniques which enable them to engage with, and produce, high quality educational research.

Indicative Content: Core – Thesis; Research Methods; Data Analysis. Options – Inclusion and Equality in Education; Digital Learning Design: Teaching, Learning & Technology; Education Sciences: Psychology Applied to Schools; Inclusive Education for Pupils with Additional Support Needs; Thesis; Advanced Research Methods (Qualitative); Critical Policy Analysis; Children’s Rights & Participation; Research Methods; Guiding Effective T & L; Education Ireland PME; Curriculum and Assessment; Students, School & Society; Equalities, Social Justice and Children’s Learning; Children’s Literature; History of Childhood & Learning; Wellbeing of Children and Youth; Internship: Work Experience and Career Development; School Effectiveness; Languages & Learning in Schools; The Psychological Development of Children and Young People; Educational Research Writing; Mentoring and Leading Learning; Development and the Global South; International Political Theory.

Admission Requirements: This programme is intended for applicants with an upper second class honours, or international equivalent in their primary degree and who demonstrate evidence of interest in educational issues.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] www.bit.ly/2d3j2l1

Application: Apply online via programme webpage.

F5 Master in Education

TCD

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The programme is intended for persons who wish to gain a comprehensive and contemporary understanding in a number of disciplines that inform educational theory and practice. It is appropriate for practitioners working at all levels in education (primary, post-primary and tertiary) as well as those who have a professional interest in education. Eligible strands of this programme are – (1) Critical Perspective on Education; (2) Higher Education; (3) Leadership and Management in Education; (4) Science Education; (5) Special Educational Needs.

Indicative Content: Core – Academic Literacy and Research Methods; Thinking Education. Options – Assessment and Evaluation in Education: Issues and Applications; Educational Psychology; Education and Social Policy; History and Historiography of Education; ICTs in Education; Introduction to Language Education; Sociology of Education; Teacher Leadership for 21st Century Schools.

Admission Requirements: Normally a good honours degree and at least two years' experience in the field of education.

Programme Webpage: [shortened as] <https://bit.ly/28KP96B>

Application: Apply online via programme webpage.

F6 MEd in Adult and Community Education

MU

Study Location: Maynooth University

Programme Duration: 1 year

Programme Outline: This programme will provide the opportunity for participants to critically reflect on their experience in the field, develop the public debate on social justice and critical citizenship, and have a thorough grounding and an understanding of the background to and influences on research in adult and community education.

Indicative Content: Advanced Theories in Adult and Community Education; Advanced Gender Studies in Adult and Community Education; Power, Politics and Society: Adult Education in Context; History of Adult and Community Education; Critical Perspectives on Adult Education; Critical Reflective Practice in Adult Education; Thesis; Research Methods in Adult & Community Education; Group Supervision & Reflexive Research.

Admission Requirements: Candidates must have a primary degree with a minimum grade of 2:1 in one of the social sciences (Adult Education, community work, social care, sociology, political science, economics, psychology, anthropology, education etc.). Please note: The University may waive these conditions in certain cases.

Programme Webpage: [shortened as] <http://bit.ly/2w8pJP7>

Application:

PAC Code: MHA92

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above. *Additional application information is posted on the programme webpage.*

G

**Sociology, Social Policy,
Social Research
and related**

Study Location: University College Cork

Programme Duration: 1 year

Programme outline: The programme gives you the theoretical and practical skills to engage in social research and policy analysis. As part of this programme, you can specialise in the social policy area of your choice. The delivery of the programme is innovative, discussion-led and seminar-based to encourage the active participation of the group.

Indicative Content: Core - Contemporary Social Policy Issues; Social Research: Methodology and Ethics; Social Policy Analysis; Social Policy Seminar Series; Dissertation. Options – Children and Young People; Mental Health and Disability; Conflict, Transformation and Peace Building; Debates in Critical Social Policy.

Admission Requirements: A minimum 2:2 undergraduate degree or equivalent in social policy. Applicants with other relevant degrees in the broad areas of the humanities and social sciences (sociology, philosophy, politics and government, social care, social work, early childhood studies, public health, history, law, economics, archaeology, anthropology, theology) and/or relevant experience, e.g. extensive experience in the areas of community activism, youth work, social work, trade union activism and development work will also be considered.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: <https://www.ucc.ie/en/cke62/>

Application:

PAC Code: CKE62

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above. *Additional application information is posted on the programme webpage.*

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: Students will develop a range of conceptual, analytical and methodological skills that will enable them to identify, describe and analyse a wide range of social phenomena, drawing on advanced knowledge of current debates, problems and issues at the forefront of sociology. Students also develop their independent research skills through an individually supervised thesis based on a substantive topic aligned to their interests, needs and goals.

Indicative Content: Core – Cultural Theories & Applications; Sociological Research: Theoretical and Applied Issues; Dissertation. Options – Policy & Social Conflict; Economic Globalisation and Social Change; Health, Illness and Society; Workshop in Qualitative Research; Ethnicity and Nationalism; Social Simulation: Methods and Models; Global Migration; Organised Violence and Society; Reimagining Tocqueville; Dynamic Social Networks; Analytical Sociology and Applications; Computational Sociology and Complex Data Applications; Art, Knowledge and Social Change; Everyday Nationhood in Comparative Perspective; Quantitative Data Analytics and Applications; Inequality and Institutions; Critical Race and Decolonial Theory.

Admission Requirements: A Second Class Honours Grade One (2:1) or higher degree in sociology or social science is required, but Second Class Honours Grade Two (2:2) standard or equivalent may be considered. Applicants who

do not meet the academic requirements but can confirm professional qualifications and/or experience will be considered. Applicants may be called for an interview.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2cTJSLm>

Application: Apply online via programme webpage.

G3 MSocSc in Rights and Social Policy

MU

Study Location: Maynooth University

Programme Duration: 1 year

Programme Outline: The programme aims to provide students with advanced critical, analytical and research skills in selected substantive areas of social policy, and in the shaping of policy, in contemporary Ireland and more widely. In particular the emphasis is on the interconnections between the themes of rights, recognition and redistribution. Currently, the programme includes taught modules on governance, equality, ageing and criminal justice.

Indicative Content: Core – Equality and Inclusion – Rights, Recognition and Redistribution; Critical Theory, Studies and Perspectives on Social Policy; Realising Rights: Case Studies, Seminars, Conferences and Workshops; Writing Policy and Influencing Policy. Options – Criminal Justice Studies; Participative Governance and Social Policy-Making; Social Gerontology Policy and Practice.

Admission Requirements: (i) A Bachelor of Social Science (Honours) degree with an overall mark of at least 55%; (ii) a Bachelor of Arts (Applied Social Studies) (Honours) degree with an overall mark of at least 55%; (iii) an Honours degree in a related discipline with an overall mark of at least 55%. Candidates meeting the above criteria will be interviewed.

Programme Webpage: [shortened as] <https://bit.ly/2vZAt0P>

Application:

PAC Code: MHB56

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

G4 MA in Sociology (Applied Social Research)*

UL

Study Location: University of Limerick

Programme Duration: 1 year

Programme Outline: The programme focus is on sociological research methods, and the intention is to produce graduates ready to embark on research careers in the private, public, voluntary or academic spheres. Modules on qualitative and quantitative methods form the core of the programme, along with modules on substantive issues of contemporary relevance. Theoretical framing and analysis of qualitative data, and statistical analysis of large-scale survey data sets is central to the programme.

Indicative Content: Core – Quantitative Research Methods 1; Qualitative Methods 1; Researching Social Exclusion; Researching Social Change; Dissertation. Options – Quantitative Research Methods 2; Qualitative Research Methods 2; Researching Social Exclusion 2; Researching Social Change 2; Researching Health and Illness.

Admission Requirements: The basic requirement is a first or second-class Honours degree in sociology or a cognate area or an approved equivalent qualification or an equivalent capability based on prior substantial relevant experience. Applicants may be required to submit a portfolio of work and undergo an interview.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2Bf27gb>

Application: Apply online from programme webpage.

G5	MSc in Applied Social Research	TCD
-----------	---------------------------------------	------------

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: This Masters programme aims to equip students with the skills necessary for the conduct of social research, including advanced training in quantitative and qualitative methodologies. The programme is multi-disciplinary and career-focused. We aim to create a stimulating learning environment for our students and put great store in the search for innovative directions in research. We teach through a combination of lectures and workshops which encourage interaction, dialogue and debate between students and between students and their lecturers.

Indicative Content: Qualitative Research Methods and Research Ethics; Quantitative Research Methods; Research Design, Evaluation Research and Literature Searches and Reviews; Work Placement; Research Dissertation.

Admission Requirements: Applicants should normally have an upper second-class honors degree in one of the Social Sciences. Applications from graduates in other disciplines (e.g. health sciences, business studies, marketing, history etc.) who have relevant experience will be considered.

Programme Webpage: www.tcd.ie/swsp/postgraduate/social-research/

Application: Apply online via programme webpage.

G6	MSc in Comparative Social Change*	UCD/TCD
-----------	--	----------------

Study Location: University College Dublin / Trinity College Dublin (joint programme)

Programme Duration: 1 year

Programme Outline: The core values of the programme are intended to encourage active, independent learners, who are critical and reflective about international society, and who ideally seek to participate in social change to improve the lives of all. The learning environment is structured around a select range of core and optional modules at Trinity and UCD that critically examine major societal changes in a number of regions and countries across the world, and assess and apply current theories of social change to specific cross-country, institutional and individual cases, provided in small-group settings that encourage and facilitate in-depth discussions of comparative social change.

Indicative Content: Core – Globalisation and Social Change; Introduction to Comparative Social Change: Concepts and Cases; Research Methods; Dissertation. Options – Economic Globalisation and Social Change; Nationalism and Social Change; Comparing Healthcare Systems; Gender and Social Change; Migration: Educational Per; Migration Labour and Conflict; Nonprofit Sector in Comparative Perspective: Politics, Regulation and Business.

Admission Requirements: Applicants should normally have a primary degree in sociology or social science, or a closely related discipline. A Student Grade Point Average (GPA) Equivalent 3.0 out of 4.0 is required

Programme Webpage: https://sisweb.ucd.ie/usis/!W_HU_MENU.P_PUBLISH?p_tag=PROG&MAJR=W360

Application: Apply online via programme webpage.

G7 MSc in Disability Studies

TCD

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The M.Sc. in Disability Studies provides students with a deep understanding of disability from social, historical, cultural, economic and policy perspectives. Graduates of the M.Sc. are equipped with the knowledge, analytical skills and perspectives to help translate rights into reality in the field of disability. The programme aims to prepare graduates for employment and career development in areas such as disability advocacy, quality assurance in disability services, programme planning and evaluation in the field of disability, disability research, and disability policy analysis.

Indicative Content: Core – Introduction to Disability Studies; Disability, Policy, Law and Ethics; Research Methods; Disability Placements/Disability Applied Projects; Dissertation. Options – Contemporary Issues; Disability and Development; The Politics of De-Institutionalism; Perspectives on Deafness.

Admission Requirements: Normally a 2:1 Honours degree in humanities, social sciences, sciences, rehabilitation, education, policy. Applicants with qualifications below this level or those holding professional qualifications will be required to submit a portfolio detailing their prior learning both in formal and experiential settings. This portfolio should be submitted as part of the online application process.

Programme Webpage: <https://www.tcd.ie/swsp/postgraduate/disability/>

Application: Apply online via programme webpage.

H

**Women's Studies,
Gender Studies and
Equality Studies**

Study Location: NUI Galway

Programme Duration: 1 year

Programme Outline: Students acquire the theoretical, conceptual and practical tools needed to apply a gender perspective and undertake gender analyses in relevant domains of practice and employment at local, national and international levels, as well as for advanced research at doctoral level and beyond. Students also have the opportunity to undertake an accredited, two-month professional placement with a relevant organisation working on issues related to programme themes.

Indicative Content: Core – Human Rights, Women and Gender; Feminist and Gender Theorising; Gender Perspectives on Globalisation; Research Methods; Dissertation. Options – Gender and Conflict; Development and Human Rights; Women's Agency and Power; *Clár* Collaboration; *Clár* Leadership Project; History and Narrative in Gender Research; Engaged Research Practice: Women in Agriculture; Women, Conflict and Human Security; Applied Gender Analyses; Gender, Sexuality and Global Health; Applied Gender Analysis: Policy and Practice.

Admission Requirements: Applicants must have attained second-class honours or better in a primary degree in a relevant discipline or equivalent international qualification (minimum GPA 3.00 out of 4.00). Publication/professional experience as deemed suitable by the College of Arts may be considered where the formal requirements are not completely satisfied.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: [shortened as] www.bit.ly/c9SC9i

Application: Apply online at <https://nuigalway.elluciancrmrecruit.com/Apply>

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The programme is both interdisciplinary and multidisciplinary, training students to research across a range of disciplines. Its students acquire a deep understanding of the cultural contexts in which theories of gender are produced, performed and negotiated and an ability to use primary source material as well as critical theories and scholarship. The programme also hones the sort of analytical, written, and verbal communication skills that are highly valued and effective in a many different careers.

Indicative Content: Core – Gender Theories; Approaches and Methods to Gender Research; Dissertation. Options – Gender and Globalisation; Medieval Sexualities and the Body; Europe on the Edge; Feminism and the Politics of the Sacred; Gender and Nation in Irish Writing; Gender, Identity and Authority in Eighteenth Century France; Gender, War and Peace.

Admission Requirements: Applicants should normally have at least an upper second class (2:1) honours Bachelor degree or equivalent (for example, GPA of 3.3) in a relevant area. Since places on the programme are limited, applicants may be interviewed or asked to submit a writing sample for assessment.

Programme Webpage: [shortened as] <https://bit.ly/2ZH3VI2>

Application: Apply online via programme webpage.

H3 MA in Women's Studies*

UCC

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: The programme covers a range of themes including representations of women in history, literature and popular culture (music and film); gender and sexuality; women and politics; women, work and family, and gender violence. You will be provided with training in research skills and introduced to theoretical material that will enhance your personal research. During the taught months of the programme, from late September to May, themes like those above are explored in lectures, seminars and on fieldtrips, and are addressed by guest speakers.

Indicative Content: Feminist Theory; Women in Society I (Contextualising Women in Society); Women in Society II (Interdisciplinary Perspectives); Research Skills in Women's Studies (Part 1: Feminist Methodologies); Research Skills in Women's Studies (Part 2); Dissertation.

Admission Requirements: Normally a minimum 2:2 Honours degree or equivalent. Relevant experience in community work, industry, or the professions may also be considered. All applicants are required to submit an essay of at least 1,000 words on a book, experience, or personal contact which stimulated their interest in women's studies.

IELTS: Minimum 6.5 overall score required with no section less than 5.5.

Programme Webpage: <https://www.ucc.ie/en/cke03/>

Application:

PAC Code: CKE03

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above. *Additional application information is posted on the programme webpage.*

H4 MSc in Equality Studies*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The purpose of the M.Sc. in Equality Studies is to cultivate an interdisciplinary appreciation of equality issues of both national and international significance, informed by extensive reading, critical analysis, advanced conceptualisation and independent research across social, political, cultural, economic and legal fields of enquiry. The programme is aimed at students who wish to develop a career or further studies in the field of equality, or who wish to become advocates or activists for equality in civil society or politics.

Indicative Content: Core - Egalitarian Theory and Practice; Human Rights Law and Equality; Sociology of Inequality; Critical Political Economy; Researching and Challenging Social Injustice; Gender Theory: Critical Themes. Options – Equalities and Social Justice for Children; Minor Thesis; Disability and Equality; Masculinities, Gender and Equality; Equality Studies Research and Professional Practice Portfolio; International Economic Crisis; Geographies of the Global South; Latin America Social Movements and Postcolonial Approaches; International Human Rights; Asylum and Refugee Law, Politics and Rights; Topics in Continental Philosophy; International Political Theory;

International Political Economy; Theory of Human Rights; Ethnicity and Nationalism; Art, Knowledge and Social Change; Critical Race and Decolonial Theory; Feminist and Egalitarian Research; Travellers Rights and Nomadism; Gender and Globalisation; Gender, Inequality and Public Policy; Gender War and Violence; Reproductive Justice and Sexuality.

Admission Requirements: Normally students on this programme will have attained a higher second class honours in their primary, and will have demonstrable experience in or aptitude for the field of equality studies, as illustrated in their personal statement. Students with a lower second class honours degree may be considered for the programme, depending on level of commensurate experience and qualifications, and availability of places, as assessed by the applications review panel.

IELTS: Minimum 6.5 overall score required with no section less 6.0.

Programme Webpages: [shortened as] <https://bit.ly/2Nn9W40>

Application: Apply online via programme webpage

H5 MA in Gender Studies*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The MA in Gender Studies continues to deliver rigorous, critical, dynamic learning in feminisms, sexualities, masculinities, gender debates, politics and activisms. Our global and intersectional feminist perspectives offer a complex understanding of how oppression and discrimination operate across society, politics and the economy.

Indicative Content: Core – Feminist & Egalitarian Research; Gender Theory: Critical Themes; Gender and Globalisation; Women’s Studies Minor Thesis; Gender, Inequality and Public Policy. Options – Human Rights Law and Equality; Masculinities, Gender and Equality; Feminist and Gender Theory; Ethnicity and Nationalism; Travellers, Rights and Nomadism; Space, Place and Gender; Gender War and Violence; Reproductive Justice and Sexuality.

Admission Requirements: Minimum 2:2 Honours (or equivalent) in an honours level Bachelor’s degree.

IELTS: Minimum 6.5 overall score required with no section less 6.0.

Programme Webpages: [shortened as] <http://bit.ly/2tlyixn>

Application: Apply online via programme webpage.

H6 MA in Gender, Politics and International Relations*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: The MA in Gender, Politics and International Relations is an intensive programme that prepares you for a career in research, policy, or advocacy in international organisations, governmental and non-governmental bodies, or academia. Gender is a fundamental aspect of both the international and domestic

political systems. This programme facilitates students to become specialists in understanding how gender shapes both individual and group interactions with politics on the national and global level.

Indicative Content: Core – Research Design; Gender and Security; Gender and the Political System. Options – Gender, Inequality and Public Policy; Politics of Development; International Political Theory; Thesis; Africa: Crisis and Opportunity?; Governing the Global Economy; Politics of Human Rights; Theory of Human Rights; Internship; Politics and Change in the Middle East and North Africa; Gender in Peace and Conflict; Psychology of Conflict in the Middle East; International Security; Politics of (mis-)information.

Admission Requirements: A primary degree with at least Second Class Honours Grade 1 (2H1) in a relevant subject such as political science, international relations, social science, sociology, history, geography, economics, global studies, public policy, development studies, EU studies, law. 2H1 is equivalent to 60 per cent, B minus or 3.08 GPA - in American system: B or 3.00 GPA. Your application will be considered on its individual merits and relevant professional experience will also be taken into account.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2YhOFh2>

Application: Apply online via programme webpage.

H7 MA in Gender, Sexuality and Culture*

UCD

Study Location: University College Dublin

Programme Duration: 1 year

Programme Outline: We provide our students with a rigorous training in the analysis of gender and sexuality in literature, film, television, media, performance, visual culture, digital culture and more. We enable our students to develop as theoretically sophisticated researchers, writers and critics equipped with cutting-edge critical skills and methods for understanding and analysing the formations of gender and sexuality in culture and society. Our programme values deeply informed, rigorous and innovative analysis, an openness to new perspectives, and self-reflective, socially and politically engaged critical practice.

Indicative Content: Core – Gender and Sexuality in Theory and Representation; Dissertation; Introduction to Literary Research Methods. Options – World-Systems, World-Literature; Queer Frictions: Gender and Sexuality in Contemporary Literature & Culture; American Modernism at Home; Visualising Ireland: Negotiating Contemporary Irish Cinema; Chick Flicks: Women and Hollywood Storytelling; Stardom, Celebrity & Media Culture; Genealogies of Quality TV; Space, Place and Gender: Interrogating Feminist Geographies; Gender, War and Violence; Media & Society; Critical Race and Decolonial Theory.

Admission Requirements: This programme is intended for applicants with a background in the humanities, or literature, film studies, cultural studies, visual culture, sociology, anthropology, psychology, psychoanalysis as well as women's studies, gender studies and sexuality studies. A keen interest in gender and sexuality and an ability to analyse textual representations are the key characteristics required. An upper second class honours or the international equivalent is required.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: https://sisweb.ucd.ie/usis/!W_HU_MENU.P_PUBLISH?p_tag=PROG&MAJR=Z162

Application: Apply online via programme webpage.

**Information Systems,
Communications Technology,
Digital Media**

Study Location: Dublin Business School

Programme Duration: 1 year

Programme Outline: The programme is designed to create a deep level of knowledge and understanding in core areas such as programming, databases, web technologies and security while also offering practical skills in contemporary topics such as data analytics, distributed systems and mobile and social computing. In addition, the programme allows students to explore the issues around the management of information technology in business and industrial contexts.

Indicative Content: Software Engineering; Advanced Databases; Web and Mobile Technologies; Personal and Professional Development; Research Methods I and II; Data and Data Analytics; Computer Systems Security; Enterprise Information Systems; Project.

Admission Requirements: A minimum Second Class Honours (2:2) in an IT/IS discipline or a Business discipline where IT/IS is a significant component of the degree from a recognised third level institution, or equivalent qualification in a cognate discipline.

Programme Webpage: [shortened as] <https://bit.ly/2npEG9q>

Application: Apply online via the programme webpage.

Study Location: Institute of Technology, Carlow

Programme Duration: 1 year

Programme Outline: This exciting Masters programme in Information Technology Management will provide students with a comprehensive skillset to fulfil and succeed in a variety of roles in the field of IT Management. Drawing on best practise from Ireland and abroad, the programme is designed to meet current industry needs and is aimed at developing academic knowledge and practical skills.

Indicative Content: Leadership & Strategy; Innovation Management; Technology Integration; Information Security Management; Data & Information Systems Management; Vendor & Service Management; Dissertation; Research Methods.

Admission Requirements: Suitable for graduates of computer science with a minimum second class honours degree. Applicants who do not meet the standard entry requirements will also be considered if they have an undergraduate degree and a minimum of 5 years verifiable relevant industrial experience.

Programme Webpage: [shortened as] <https://bit.ly/3f7Yes3>

Application: Apply online at <https://www.itcarlow.ie/international.htm>.

Study Location: Maynooth University

Programme Duration: 1 year

Programme Outline: The MSc in IT-Enabled Innovation is aimed at both Business and non-Business graduates. This programme develops the capacity for participants to understand how IT operates both as a function and as a key interrelated resource within an organisational context. This involves understanding people, work processes, relationships, organisation structures, and organisation strategies, and how all of these impact on and are impacted by Information Technology.

Indicative Content: IT Governance, Performance and Risk; Digital Business; Strategic Management; Career Planning and Development; Contemporary Issues in IT; IT Skills and Capabilities: Digital Enablement; Financial Management; Actionable Insights Through Research; Placement Project.

Admission Requirements: This programme assumes no prior knowledge of IT, Business or Management topics. Candidates should have a minimum 2.2 grade, honours degree.

IELTS: Minimum 6.5 overall score required, with a minimum score of 6.0 in reading and writing.

Programme Webpage: [shortened as] <https://bit.ly/2BBqNin>

Application:

PAC Code: MH84D

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

Study Location: Athlone Institute of Technology

Programme Duration: 1 year

Programme Outline: The aim of this programme is to provide an opportunity for computer professionals and engineers to enhance their knowledge and expertise in areas of current active research and development in software engineering. Participants gain exposure to the various techniques for performing academic research. The programme also aims to provide an environment in which the participant is exposed to new technological developments, to ethical and social issues affecting the computer industry, and to the requirement to uphold general professional standards.

Indicative Content: Software Engineering Project; Software Design; Data Science; Service-oriented Architecture; Agile Build and Delivery; Database Systems; Computer Networks and Telecommunications; Data Visualization; Rich Internet Applications.

Admission Requirements: Honours (Grade 2.2) degree in an appropriate engineering, computing or cognate discipline, or an equivalent qualification. Appropriate experience (or appropriate qualifier) may also be required depending upon the degree qualifications.

Programme Webpage: ait.ie/programmes/msc-in-software-engineering

Application: Application forms can be downloaded at: www.ait.ie/international/non-eustudents

For enquiries, contact Mary Simpson, AIT International Office - international@ait.ie or +353 90 642 4562.

Study Location: Maynooth University

Programme Duration: 1 year

Programme Outline: The Master of Science in Software Engineering degree at Maynooth University exposes graduates in Computer Science and related disciplines to the many facets of this complex area – the technical, the methodological, the organisational – so that successful participants will subsequently be able to lead major projects in software engineering in many industrial and commercial sectors.

Indicative Content: Core – Advanced Concepts in Object-Oriented Programming; Rigorous Software Process; The Mathematics & Theory of Computer Science; Project. Options – Requirements Engineering & System Design; Software Testing; Practical Cryptography; Databases; Interaction Design; Internet Solutions Engineering.

Admission Requirements: An honours degree in Computer Science or a closely related discipline, containing significant Computer Science content. An average grade of at least 60% (equivalent to a 2:1) or above.

Programme Webpage: [shortened as] <https://bit.ly/2BDyOmH>

Application:

PAC Code: MHG50

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: This programme focuses on smart, interactive web applications and systems, which are becoming an integral part of our daily lives - at home, in the workplace, and in social interaction. Designing and building these systems requires expertise in artificial intelligence, human language understanding and generation, web systems and applications, data analytics and knowledge engineering. This programme is closely linked to the school's research groups involved in the ADAPT centre for Digital Content Technology.

Indicative Content: Machine Learning; Research Methods; Innovation; Artificial Intelligence; Knowledge & Data Engineering; Text Analytics; Information Retrieval & Web Search; Adaptive Applications; Advanced Software Engineering; Dissertation.

Admission Requirements: A 2:1 grade or higher from a reputable university in Computing or strongly related discipline. You need to be able to be fully competent in programming in C, C++ or Java.

Programme Webpage: [shortened as] <http://bit.ly/2x5AK1b>

Application: Apply online via programme webpage

Study Location: Technological University Dublin (Grangegorman Campus)

Programme Duration: 1 year

Programme Outline: The MSc in Computer Science (Advanced Software Development) aims to produce graduates with the knowledge and skills to develop the complex software solutions that organizations need to compete in the emerging global digital economy. Students will study advanced technical modules in programming, design, databases, architecture and web development to acquire the technical knowledge needed to practice as software developers working on leading edge development projects. In addition, students will be equipped with key professional, technical communications skills needed to practice as a professional in the computing industry.

Indicative Content: Core – Programming Paradigms: Principles & Practice; Software Design; Advanced Databases; Systems Architectures; Web Application Architectures; Secure Systems Development; Research Writing & Scientific Literature; Research Methods and Proposal Writing; Research Project & Dissertation or a Team Project. Options - Geographic Information Systems; Universal Design; Programming for Big Data; Problem Solving, Communication and Innovation; Social Network Analysis; User Experience Design; Security; Deep Learning; Speech & Audio Processing.

Admission Requirements: A BSc (Honours) in Computer Science or a Computer Engineering programme at level 2.1 or at level 2.2 with at least 2 years of relevant work experience. Applicants with other qualifications at Honours 2.1 level or better and relevant experience may also be considered.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/3j4G9xm>

Application: Apply via programme webpage.

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: This MSc programme will provide you with the skills required to understand the entrepreneurship and innovation required for the software industry. Many national and multinational companies employ computer science graduates in areas such as software development and engineering, artificial intelligence, systems and networks, database and systems security as well as mobile multimedia, modelling, research and development. You will also get the chance to demonstrate the skills you have learned by completing a substantial research and development project.

Indicative Content: Core – Case Studies in Computing Entrepreneurship; Large-Scale Application Development and Integration; Database Technology; Information Storage and Retrieval; Project Development Skills; Dissertation in Computing Science. Options - Mobile Devices and Systems; Mobile Applications Design; Formal Methods for Distributed Systems; Model-Based Software Development; Optimisation; Services and Mobile Middleware; Multimedia Technology in Mobile Networks; Analysis of Networks and Complex Systems; Network Security; Data Mining.

Admission Requirements: Second class honours (2.2 grade) or higher degree in Computer Science or a closely related discipline. Applications from other suitably qualified candidate, or from those with equivalent experience/qualifications, will be considered.

IELTS: Minimum 6.5 overall score required with no section lower than 6.0.

Programme Webpage: <http://www.ucc.ie/en/ckr40/>

Application:

PAC Code: CKR40

Apply online via The Postgraduate Applications Centre – (PAC) – www.pac.ie – using the PAC application code above.

19 MSc in Computing (Information Systems Processes)*

WIT

Study Location: Waterford Institute of Technology

Programme Duration: 1 year

Programme Outline: The MSc in Computing in Information Systems Processes combines the human, the organisational, and the technological to provide a broad perspective of modern information systems and their development. The human aspects of the programme explore issues such as human-computer interaction, psychology, computer ethics, and systems development in the human-centred tradition.

Indicative Content: Core – Dissertation. Options - Psychology of Computer-Mediated Work; Human Computer Interaction and Usability; Emerging Systems Development Paradigms; Business Process Analysis and Design; Design Patterns; Ethics and e-Privacy; Usable Information Architectures; Human-Centred Systems Development; Innovation and Intrapreneurship; Supply Chain Integration Technologies; Agile Software Development.

Admission Requirements: An honours degree in Computing, Information Systems, Information Technology or equivalent. Alternatively an honours degree in Business Studies or Engineering where there is a strong computing component will also be acceptable.

IELTS: Minimum 6.5 overall score required with no section lower than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2BgdOmF>

Application:

PAC Code: WD516

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

110 MSc in Cybersecurity

CIT

Study Location: Cork Institute of Technology

Programme Duration: 1 year

Programme Outline: This programme aims to fill the ever increasing skills gap in the areas of cybersecurity and information systems, and delivers material that follows the most current practice. Upon successful completion of this programme the student will both understand and deploy the most advanced methods to protect information at rest, in transit, and at work

Indicative Content: Core - Incident Response and Digital Forensics; Security Management and Law; Applied Cryptography; Web Application and Network Penetration Testing; Networking Security & Forensics; Scripting for System Administrators; Information Security Research Project. Options - Cloud Security; Data Analytics; Malware Investigations; Malware Reverse Engineering; Threat Intelligence; Software Security.

Admission Requirements: A minimum of an Honours Degree in Computing or in a cognate discipline.

Programme Webpage: <http://www.cit.ie/programme/CRKINFS9>

Application: Apply online via the programme webpage.

111 MSc in Artificial Intelligence

CIT

Study Location: Cork Institute of Technology

Programme Duration: 9 months

Programme Outline: This programme aims to produce AI engineers with a highly relevant skillset in AI topics. Students will learn how to use and develop intelligent computer systems that can learn from experience, recognise patterns in vast amounts of data and reason strategically in complex decision-making situations. The programme content will deliver a comprehensive range of topics integral to the study of AI. Students will be presented with opportunities to work on industry focused projects and research opportunities linked to the domain expertise of each lecturer.

Indicative Content: Core – Practical Machine Learning; Knowledge Representation; Metaheuristic Optimisation; Big Data Processing; Research Practice & Ethics; Deep Learning; Decision Analytics; Research Project. Options – Natural Language Processing; Recommender Systems; AI for Sustainability; Computer Simulation & Analysis; Robotics & Autonomous Systems; Planning and Scheduling; Fraud and Anomaly Detection.

Admission Requirements: A minimum second-class honours degree in Computer Science, Computing, Electrical/Electronic Engineering or a cognate discipline. Furthermore, all successful applicants are required to have a proficiency in mathematics, including statistics, and an advanced level of coding competency in a modern high-level computer programming language.

Programme Webpage: <http://www.cit.ie/programme/CRKARIN9>

Application: Apply online via the programme webpage.

112 MSc in Network and Information Security

GCL

Study Location: Griffith College Limerick

Programme Duration: 1 year

Programme Outline: Designed specifically to address a growing need in the industry, the MSc in Network and Information Security at Griffith College is a 1-year programme which aims to enable students to develop robust and efficient network security plans, strategies and solutions.

Indicative Content: Information and Network Security Technologies; Legal and Ethical Aspects of Information Security; IT Infrastructure Protection & Ethical Hacking; Cryptography; Computer Forensics; Managing Information Security; Telecommunication Networks and Services; Research Methods; Dissertation.

Admission Requirements: Candidates applying for this programme should have a 2:2 honours degree in Computing Science.

Programme Webpage: [shortened as] <http://bit.ly/2wp5KMw>

Application: Apply via the programme webpage.

113 MSc in Cloud Computing

NCI

Study Location: National College of Ireland

Programme Duration: 1 year

Programme Outline: By combining technical skills and innovation principles, this programme effectively delivers core technology skills in cloud software development, fog/edge computing, DevOps, security and data governance. Having also taken into account global industry trends, it includes electives in quantum computing, blockchain and machine learning.

Indicative Content: Core – Cloud Architecture; Cloud DevOpsSec; Cloud Platform Programming; Fog and Edge Computing; Research In Computing; Scalable Cloud Programming; Data Governance, Compliance and Ethics; Research Project. Options – Innovation I; Blockchain Concepts and Technologies; Innovation II; Cloud Machine Learning; Quantum Computing.

Admission Requirements: Minimum of a 2:2 honours degree in a computing discipline.

Programme Webpage: [shortened as] <https://bit.ly/2MkNOLv>

Application: Download an application form from www.ncirl.ie/International/How-to-Apply and email to admissions@ncirl.ie.

114 MSc in Computing (Data Analytics)*

TUD

Study Location: Technological University Dublin (Grangegorman Campus)

Programme Duration: 1 year

Programme Outline: The MSc in Computer Science (Data Science) programme aims to produce graduates with the knowledge and skills to work with large amounts of raw data and extract meaningful insights from it. Graduates are equipped with deep technical skills (in data management, data mining, probability and statistics, and machine learning), but also with the softer skills (in communications, research and problem solving) required to work effectively within organisations.

Indicative Content: Core - Probability & Statistical Inference; Machine Learning; & Database Design for Data Analytics; Data Management; Data Mining; Visualisation; Problem Solving, Communication and Innovation; Case Studies in Computing; Research Writing & Scientific Literature; Methods and Proposal Writing. Options - Geographic Information Systems; Spatial Databases; Ubiquitous Computing; Universal Design; Man and Machine; Bioinformatics; Programming for Big Data.

Admission Requirements: Minimum 2.1 honours degree (or 2.2 with at least 2 years of relevant work experience) in Computer Science, Mathematics or other suitably numerate discipline with computing as a significant component.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/32jvuJ9>

Application: Apply via programme webpage.

I15 MSc in Data Analytics

NCI

Study Location: National College of Ireland

Programme Duration: 1 year

Programme Outline: The programme structure accommodates a wide audience of learners whose specific interests in data analytics may be either technically focused or business focused. All students will also gain exposure to pertinent legal issues and product commercialisation considerations associated with the data analytics field. The programme will be delivered using academic research, industry-defined practical problems, and case studies.

Indicative Content: Core – Statistics for Data Analytics; Data Warehousing and Business Intelligence; Strategic ICT & eBusiness Implementation; Advanced Data Mining; Data Visualisation; Research in Computing; Research Project. Options – Managing the Organisation; Data Storage and Management; Programming for Data Analytics; Analytical CRM.

Admission Requirements: Minimum of a 2:2 honours degree in a cognate area.

Programme Webpage: [shortened as] <https://bit.ly/2MkNOLv>

Application: Download an application form from www.ncirl.ie/International/How-to-Apply and email to admissions@ncirl.ie.

I16 MSc in Data Analytics

AIT

Study Location: Athlone Institute of Technology

Programme Duration: 1 year

Programme Outline: Students will develop their skills in areas including database technologies, data manipulation languages including SQL and the R programming language. In order to understand the data, a range of techniques will be taught, including programming for Big Data, statistics and probabilities and the interpretation of data. Interwoven within these modules is the use of industry-standard data analytics software tools.

Indicative Content: Relational; Programming for Data Analytics; Statistics for Data Analysis; Interpretation of Data; Data Analytics; Advanced Analytics; Research Methods; Data Visualisation; Applied Research Project.

Admission Requirements: An honours degree in Business, Science or Engineering, with a minimum grade of 2.1 (60%), comprising of at least 30 ECTS credits in any combination of maths, computer science or engineering.

Programme Webpage: ait.ie/programmes/mscda

Application: Application forms can be downloaded at: www.ait.ie/international/non-eustudents
For enquiries, contact Mary Simpson, AIT International Office - international@ait.ie or +353 90 642 4562.

I17 MSc in Data Analytics

LIT

Study Location: Limerick Institute of Technology

Programme Duration: 1 year

Programme Outline: Big Data presents three primary problems: there's too much data to handle easily; the speed of data flowing in and out makes it difficult to analyse; and the range and type of data sources are too great to assimilate. With the right analytics and techniques, these big data can deliver hidden and unhidden insights, patterns and relationships from multiple sources using Data Analytics techniques. This programme will ensure that you will be able to understand the data context, apply appropriate techniques and utilise the most relevant tools to generate insights into such data.

Indicative Content: Relational Database; Programming for Data Analytics; Data Analytics; Statistics for Data Analysis; Interpretation of Data; Advanced Analytics; Research Methods; Advanced Databases; Data Visualisation; Applied Research Project.

Admission Requirements: An honours degree in Business, Science or Engineering. Minimum grade of 2.1, comprising of at least 30 ECTS credits in any combination of maths, computer science or engineering.

Programme Webpage: [shortened as] <https://bit.ly/2OdODEg>

Application: Apply directly to the International Office by emailing international@lit.ie with an *LIT International Application Form*, which is available for download at <https://lit.ie/international-study/how-to-apply>.

I18 MSc in Data Science and Analytics

CIT

Study Location: Cork Institute of Technology

Programme Duration: 16 months

Programme Outline: In Semester 1, the learner acquires the necessary foundation in Mathematics, Statistics and Computer Science. From Semester 2, the specialisation into the "Big Data" space takes effect, and the learning experience is geared specifically for the realisation of Level 9 programme outcomes. In Semester 3, the learner undertakes a 30 credit capstone project module, in which they apply the knowledge, skills and competences acquired in the taught modules to the research and development of a Data Science problem, and successfully complete the project in accordance with a project plan.

Indicative Content: Data Science and Analytics; Mathematical Methods and Modelling; Data Management Systems; Unstructured Data & Visualisation; Analytical and Scientific Programming; Applied Stats & Probability; Statistical Data Analysis; Data Visualisation & Analytics; Distributed Data Management; Time Series & Factor Analysis; Applied Machine Learning; Research Methods; Research Project.

Admission Requirements: A minimum 2:1 honours degree. Alternatively, graduates with a 2:2 Honours degree will be considered, subject to having three years relevant experience.

Programme Webpage: <http://www.cit.ie/programme/CRSDAAN9>

Application: Apply online via the programme webpage.

119 MSc in Data Science

ITC

Study Location: Institute of Technology, Carlow

Programme Duration: 1 year

Programme Outline: The programme is designed to meet current industry needs and provides students with a thorough theoretical and practical grounding in the analysis and utilisation of large data sets, together with experience in conducting data science development projects, thereby preparing graduates for positions of responsibility in the Big Data and IT industries. This innovative programme will build on participants' professional and personal skills in areas such as presentation, communication and soft skills as well as data science development, integration and critical thinking around the design, implementation and deployment of data science solutions and systems in industry.

Indicative Content: Programming for Data Scientists; Data and Data Storage Technology; Statistics for Data Science; Research Methods; Infrastructure for Big Data; Data Analytics and Algorithms; Data Visualisation and Insight; Project/Dissertation.

Admission Requirements: Applicants must have obtained a second class honours primary degree (or equivalent) in computer science or mathematical sciences or hold a degree with a strong numerate content (e.g. engineering, finance, physics, biosciences or economics). Applicants who do not meet the above standard entry requirements will also be considered if they have an undergraduate degree and a minimum of 5 years verifiable relevant industrial experience.

Programme Webpage: [shortened as] <https://bit.ly/2Z4ZzKs>

Application: Apply online at <https://www.itcarlow.ie/international.htm>.

120 MSc in Big Data Management and Analytics

GCD

Study Location: Griffith College Dublin

Programme Duration: 1 year

Programme Outline: Designed specifically to address a growing need in the industry, the MSc in Big Data Management and Analytics at Griffith College is a 1 year programme which aims to build upon students' knowledge of computing science and create big data specialists.

Indicative Content: Big Data Analytics; Information Retrieval and Web Search; Concurrent and Parallel Programming; Cloud Computing; Big Data Management; Data Mining Algorithms and Techniques; Applied Data Science; Research Methods.

Admission Requirements: Candidates applying for this programme should have a 2.2 honours degree in Computing Science, or a 2.2 Higher Diploma in Computing or related discipline or international equivalent and/or relevant work experience.

Programme Webpage: [shortened as] <https://bit.ly/2DE5EFv>

Application: Apply via the programme webpage.

I21 MSc in Electronic Information Engineering

TCD

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: This is a taught master's programme which aims to equip graduates with a deep knowledge and understanding of the design tools for modern computational products and systems. Graduates specialise in fundamental theory and applications relating to the generation, distribution, analysis and use of information in engineering and science. Students may select from a number of 5th year MAI and MSc level programmes to attain the credits sufficient for the award.

Indicative Content: Core – Research Project/Dissertation; Research Methods; Statistical Signal Processing; Introduction to Deep Learning. Options – Speech and Audio Engineering; Spatial Audio; Audio Production Engineering; Digital Media Systems; Wireless Networks and Communications; Complex Systems Science; Reconfigurable Hardware for Computational Engineering.

Admission Requirements: Admission is normally restricted to graduates who have achieved an upper second class honours degree (2:1), or better, in engineering, science, computing, statistics, mathematics or a related discipline. Well-qualified candidates or industry professionals from other numerate disciplines who have sufficient knowledge of computational aspects of engineering and science, may also be considered.

Programme Webpage: <https://www.tcd.ie/eleceng/postgraduate/MSc/>

Application: Apply online via programme webpage.

I22 MSc in Interactive Media*

UCC

Study Location: University College Cork

Programme Duration: 1 year

Programme Outline: The broad aim of the programme is to equip students from a wide range of backgrounds with a thorough understanding of the technology and industry-standard tools used in the digital media sector. On successful completion of the programme, you will have a comprehensive knowledge of the underlying concepts, technologies and practices of interactive digital media and be able to apply these to create interactive digital media products.

Indicative Content: Core: Authoring; Web Development for Digital Media; Audio and Sound Engineering; Digital Video Capture and Packaging; 3D Graphics and Modelling; Dissertation. Options: Future and Emerging Interaction Technologies; Internet-based Applications; Digital Video Compression and Delivery; Human Computer Interaction; Mobile Multimedia; Audio Processing.

Admission Requirements: Graduates of any discipline who have achieved at least a 2:2 Honours degree, or equivalent professional qualification, provided there is no significant overlap between their previous programmes of study and the content of this programme.

IELTS: Minimum 6.5 overall score required with no section lower than 6.0.

Programme Webpage: www.ucc.ie/en/ckr05

Application:

PAC Code: CKRO5

Apply online via The Postgraduate Applications Centre (PAC) – www.pac.ie – using the PAC application code shown above.

I23 MSc in Interactive Digital Media

GCD

Study Location: Griffith College Dublin

Programme Duration: 1 year

Programme Outline: This multidisciplinary programme enables students to develop a cutting-edge skillset using the most up to date, industry-standard technology and challenges its students to innovate and develop ground-breaking new interactive digital technologies and experiences. The programme aims to build upon students' knowledge of digital for an exciting career in a growing media industry.

Indicative Content: Core – Web Authoring; Visual Communication; Digital Media & Society; Research Methods; Interaction Design; Multimedia Programming; Business of Digital Media; Digital Media Platforms; Dissertation. Options - Game Design and Development; Theories & Principles of Animation; Digital Storytelling; 3D Modelling & Rendering; Desktop Publishing; Server-side Web Development & Databases; eLearning; Video Production.

Admission Requirements: Candidates applying for this programme should have an Honours degree 2:2 or above in any discipline or international equivalent and/or relevant work experience.

Programme Webpage: [shortened as] <https://bit.ly/2Wgl5sI>

Application: Apply via the programme webpage.

I24 MSc in Interactive Digital Media

TCD

Study Location: Trinity College Dublin

Programme Duration: 1 year

Programme Outline: The M.Sc. programme concentrates on teaching the theory associated with developing and implementing digital media applications rather than teaching how to use off-the-shelf applications. Students are exposed to programming languages and platforms as well as methodologies for the creation, capture and presentation of text, graphics, audio and moving images. Students work collaboratively on programme assignments and final projects which are exhibited publicly at the end of each year.

Programme Outline: The MSc Economic and Financial Risk Analysis was launched in response to the changing economic and financial environment. It provides students with international quality training in the fundamental concepts and tools required by the financial sector. The programme emphasises ‘problem solving’ through a combination of theoretical principles and empirical tools. Successful graduates are equipped with a wide range of economic, financial, quantitative and communication skills, thus opening up a diverse set of career opportunities, both within and outside the financial sector.

Indicative Content: Core – Microeconomics; Macroeconomics; Econometrics; Financial Economics; Advanced Derivatives; Financial Risk Analysis; Empirical Finance. Options – Thesis; Work Placement.

Admission Requirements: (i) A minimum 2.1 honours degree in Finance or Economics, or a degree in which Finance or Economics formed a substantial component, or (ii) a minimum 2.1 honours degree in which there was a substantial quantitative component, such as Mathematics, Engineering, Computer Science, Mathematical Physics or Statistics. Applicants with a high 2.2 in an undergraduate Economics or Finance degree, but with 2.1 standard in key modules, may also be eligible and will be considered on a case-by-case basis by the Admissions Director.

L

Tourism and Hospitality

Study Location: Technological University Dublin (Grangegorman Campus)

Programme Duration: 1 year

Programme Outline: The programme is aimed at both professionals currently employed within the tourism industry and those from complementary backgrounds who wish to enter the tourism field. In this context it may be of particular interest to people coming from a heritage, languages, geography, marketing or business background. This programme aims to equip participants with the necessary expertise to manage, co-ordinate and develop tourism businesses and projects in Ireland and abroad. It is aimed at both professionals currently employed within the tourism industry and those from related fields. This dynamic programme encourages interaction between academics and industry practitioners from the national and international tourism sector.

Indicative Content: International Tourism Trends, Markets & Products; Tourism Destination Planning & Management; Managerial Finance & Entrepreneurialism; The Effective Manager; Emerging Industry Issues; Strategic Marketing & Digital Commerce; Dissertation (including Research Methods).

Admission Requirements: Second class honours degree (2:2 grade) or higher in any discipline.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2Cfpt5B>

Application: Apply online via programme webpage.

Study Location: Technological University Dublin (Grangegorman Campus)

Programme Duration: 1 year

Programme Outline: This globally recognised hospitality programme is one of DIT's most sought after programmes. It is the first and only programme of its kind in the Republic of Ireland and provides participants with a top-level educational package that is delivered by leading academics and experts from the national and international hospitality sector. The programme covers all aspects of the hospitality industry with a business-based curriculum that is designed to equip participants with the management skills and analytic capabilities necessary to obtain careers in a wide range of organisational settings.

Indicative Content: International Hospitality Operations Management; Strategic Revenue Management Solutions; Managerial Finance & Entrepreneurialism; The Effective Manager; Emerging Industry Issues; Strategic Marketing & Digital Commerce; Dissertation (including Research Methods).

Admission Requirements: Second class honours degree (2:2 grade) or higher in any discipline.

IELTS: Minimum 6.5 overall score required with no section less than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/38Y5hRP>

Application: Apply online via programme webpage.

Study Location: University of Limerick

Programme Duration: 1 year

Programme Outline: This programme is geared to provide students with an understanding of the international tourism industry and an appreciation of the key issues affecting its continued development. It also presents an opportunity to gain insights into the marketing and management issues impacting on the sector. Students are also presented with opportunities to update their language and IT skills, their communication and presentation skills, and to interact with tourism industry practitioners and visiting international faculty. Research skills are developed through dedicated methodology modules leading to the completion of a dissertation on a chosen topic in tourism. An innovative and integral part of this programme is an international field trip which all students undertake.

Indicative Content: Tourism Principle and Practice; Economics of Tourism; Tourism Services Marketing; Tourism Enterprises; Research Methods; Economic Appraisal and Evaluation Techniques; Strategic Marketing for Tourism; International Tourism Trends; Tourism Planning and Development; Thesis.

Admission Requirements: Good honours (minimum 2.2) primary degree from a variety of disciplines including Economics, Geography, Sociology, Business Studies, Hotel Management, Languages, History, Anthropology, Marketing and others.

IELTS: Minimum 6.5 overall score required with no individual section lower than 6.0.

Programme Webpage: [shortened as] <https://bit.ly/2OGG7O8>

Application: Apply online via the programme webpage.
